STILL IN THE RUNNING

Seventy Tennis Players
in Big Tournament

ENTHUSIASTIC FOLLOWERS OF THE
GAME

Flock Into Newport This Year as Never
Before—Tennis Battle on Casino
Courts

NEWPORT, R. I., Aug. 15.—There were 70 players, many of them of international and national repute, still in the running in the all-summer tennis tournament at Newport, the championship of the United States. The tournament was organized by the Casino Club.

And it was the expectation of President R. B. Wren, who is in active charge of the tournament, that half of the field would be out of the play at the end of the day.

The first and most important of these matches was the one which was given to the grandstand court was the match between R. Norris Williams and J. H. Patterson, the latter being one of the best players in the world.

Another match of the most spectacular character was the one between J. H. Patterson and J. H. Patterson, the latter being one of the best players in the world.

As the grandstand match was not started until an hour before noon the early comers found plenty of sport in the other courts in the second and third rounds which had been relegated to the side courts. Among these events was the struggle between F. C. Johnson of Baltimore and F. C. Johnson of New York, two of the veteran players who had considerable difficulty yesterday getting through in the first round.

Another interesting contest was anticipated between T. C. Brady of Los Angeles who will be in the grand court tomorrow at 10 o'clock, and a defender of the doubles championship, and Byron Hall of New York, one of the German players, a strong and consistent player.

Youth met and in the struggle between Clarence J. Griffin of San Francisco, the western champion, and Dean Miller of Cleveland, N. H., one of the most reliable of the Metropolitan contingent, while a hard contest was expected in the clash between John R. Strachan of San Francisco, the clay court champion, and A. R. Kennedy, Jr. of Philadelphia, one of the younger players in the large Pennsylvania delegation.

The opponent of Chapman J. E. McLaughlin today was young Hoffman Nickerson of Barnfield, while former Title Holder William J. Clothier, regarded as the dark horse of the tournament this year, was matched against G. M. Church of New York and Princeton.

To the relief of both players and spectators, the sultriness of yesterday gave place today to cooler weather, with an invigorating breeze from out of the clear northern sky.

Much to the disappointment of an expectant crowd, young Griffin declared during the forenoon that in view of the strenuous battle tomorrow, a match with Miller would prove too much of an exertion to be defaulted to the former Princeton star.

His defeat in the draw, arrived at the opposite position and his opponent Kennedy in straight sets was the first played match to be recorded in the day's play. The Philadelphia put up a strong game against the California in the second set, but the third set soon decided the contest.

Nathan Arts Will Attend Muster
The Nathan Arts, Firemen's Association met last evening and considered an invitation to participate in the muster in this city. The Nathan veterans were unanimously in favor of turning out at the Lowell muster.

The comfort and pleasure of having a clean, light, airy sanitary office for your business, as well as yourself, makes work easy in the new Sun building.

Regular Prices \$1.50 and \$2.00

This lot is a factory cleanup, of made up stock, and consists of 60 dozen waists in sizes 34 to 48.

LOWELL GREEKS TO RETURN

Their Service to Fatherland Concluded the Survivors Will Return to Their Homes

Although some time ago a decree of the king of Greece forbade the future emigration of any person under 30 years of age until further notice, owing to the recent heavy losses of that country and the immense territory wrested from the Turk, which awaits development, it is the general opinion in the Greek colony that this restriction will be withdrawn and that most of the survivors of those who returned from America to fight the battles of the fatherland will return here. It has been computed that from 40,000 to 50,000 Greeks sailed from America to take part in the recent wars, and of these 20,000 are to be disbanded in a few months. Many of these will return to this city.

There are at present many hundreds in Lowell under call, some of whom were given two months in which to settle their personal affairs here before going back, but owing to the recent treaty, which ensures peace in the troubled states, and the fact that so many troops are to be disbanded, those who now await word to return expect to have the first order cancelled. Among these is Angelo Pappas of 316 Market street, the well-known fruit dealer, who is in readiness to return when called, but who now awaits word telling him that his presence is unnecessary.

William Glavis of the firm of Glavis Bros., 175 Market street, has had the unique distinction of having three brothers in the recent Turkish and Bulgarian wars, all of whom went back from this country to fight. All three fought in the same regiment, and though they went through terrible privations they almost providentially escaped injury. They were near Jannina at the time of the famous battle and gave very graphic accounts of it and of the bravery of the Greek troops in letters to their brother. Mr. Glavis expects them to return home in about two months. They have expressed their belief that it will be found unnecessary in Greece to keep back those who wish to return to their adopted country. They have also sent word that Harry Houghs, the well-known fruit dealer of Merrimack square, is alive and well. At one time he was reported to have fallen in battle. He also expects to return in a few months.

Several representatives of the Greek people have declared that the country is in for a period of reconstruction and unparalleled prosperity, owing to the richness of the reconquered territory. Among the grants of lands to Greece is some of the richest tobacco producing territory in the world. Thus there will be not only the great moral gain of civil and religious liberty but a great industrial revival. Previously in those states nominally Turkish, but in reality Greek, such as Janina, the most brutal atrocities reigned unchecked. One member of the Greek colony said that a Turkish soldier might and often did murder a defenseless woman or child with impunity. It is difficult for one who does not know conditions there to understand the great enthusiasm which prevails in the Greek colony over the result of the wars. Greece has suffered and lost a terrible toll in money and men, but her people claim that the loss is justified by the great moral and territorial gains.

TOWN OF CHELMSFORD

Water District Votes to Issue \$60,000 in Bonds

A special meeting of the voters of the town of Chelmsford was held in the town hall last night to act upon the issuing of bonds for the establishing of the water system and other articles contained in the special warrant.

Under article 3, which was to see if the water district would issue bonds or notes or both to an amount not exceeding in the aggregate \$75,000 as authorized by chapter 641 of the acts of the year 1913, and fix the terms of sale and provide for the payment thereof, and act in relation thereto. Upon motion of Walter Pernam it was unanimously voted, that the district issue bonds to the amount of \$60,000 for the purposes, and within the authority of section 5 of chapter 641 of the acts of the year 1913, in such form as the water commissioners may determine, said bonds to be in the denomination of \$1000 each, two maturing one year from their dates and two annually thereafter, so that the whole principal of said loan will be paid and extinguished 20 years from the date thereof; said bonds shall bear interest at a rate not exceeding 5 per cent per annum, payable semi-annually, and shall be denominated upon the face thereof "Chelmsford Water District Loan, Act of 1913," and shall be signed by the treasurer of the town of Chelmsford and countersigned by a majority of the water commissioners and bear the seal of the district. The water commissioners are authorized to sell said bonds at not less than their par value at public or private sale. It was later moved by Mr. Pernam and also voted, to raise annually, by taxation, in manner provided by said chapter 641, acts of 1913, a sum which with the income derived from water rates will be sufficient to pay the annual expense of operating the water works and interest on its securities issued as aforesaid, and to make such payments on principal as may be required under the provisions of said act; except that any premium received upon such bonds, less the cost of preparing, issuing and marketing, shall be applied to the payment of the principal of the first bond or bonds to mature.

Miss Bertha Chapman of 454 Westford street, this city, narrowly escaped death by drowning at Chelmsford, Mass. where she is spending the summer months. The young woman was in bathing and got beyond her depth. She waved her hand for help and her friends who were a good distance away, paid little attention to her. Thinking she was playing in the water, a boy named Harold, who rushed to her aid and assisted her to shore. Her friends realized her danger just about the time the boy reached her, but their assistance would have been too late.

TO PREVENT ACCIDENTS

The Pleasure Craft Law Sought After

WASHINGTON, Aug. 19.—Both enforcement of present laws and enactment of further legislation for federal supervision of small pleasure craft will be taken up with the proper department heads by Representative Thatcher, who has been stirred by recent accidents involving heavy loss of life.

While experienced watermen, says Mr. Thatcher, may be trusted not to overload their power boats or other craft, inexperienced men at many summer resorts overcrowd their little vessels, and accidents follow as an almost inevitable result. Nor, he believes, should inexperienced men be permitted to handle power boats or other craft.

Deputy District Attorney

Application for appointment as deputy district attorney for the District of Columbia was filed yesterday by Martin J. McNamara, formerly of Clinton, Mass., and now a practicing lawyer in Washington. Mr. McNamara has received endorsements from Lieutenant-Governor David I. Walsh, Chairman Thomas P. Riley of the democratic state committee and a majority of the democratic members of the Massachusetts delegation in congress. He is a graduate of Holy Cross college, and also has degrees from George Washington university.

An Emphatic Protest
Emphatic protest against federal

payment of expenses of delegates to the international congress on Alcoholism was received yesterday at the office of Representative Curley from the National Liquor league, and will be considered by him on his return to Washington. The congress is to be held in Milan, Italy. Originally an appropriation of \$6550 for these delegates was made by the house, but this was cut to \$4500 by the senate. The Liquor league also is opposed to the congress being held in the United States in 1915.

Winslow in Washington

Congressman Winslow has arrived in Washington in response to a call for a meeting of the republicans of the house to elect a congressional campaign committee. The meeting has been postponed a week, but Mr. Winslow will stick it out if he is needed.

LEE WAS A NEGRO

Says Woman Who Claims Estate of Publisher—Deserted His Wife Thirty Years Ago

CHICAGO, Aug. 19.—William H. Lee, head of a publishing firm, who

lived in Chicago as a white man and died apparently without heirs, was claimed in the probate court yesterday by Mrs. Lucinda Anderson, colored, of Benton Harbor, Mich., as her husband.

Lee began his career in a small New Hampshire town. It is alleged, after serving as valet in the Civil war to a confederate officer.

In a petition filed for Mrs. Anderson it is alleged the publisher's real name was William A. Anderson, that he was a negro, though of light complexion, and that he deserted Mrs. Anderson 30 years ago.

The woman lays claim to the estate of the publisher. It was valued at first at \$200,000, but as much of it was in place of value to Lee's business alone, the present valuation has been estimated at \$20,000.

Mr. Anderson, never talked of his usual affairs and his antecedents were a mystery. Mrs. Anderson makes the identification by means of newspaper photographs. The body will be exhumed.

William Manning, a well-known employee of the water works, will visit his home in Prince Edward Island this summer, after an absence of many years.

THREATENED STRIKE HAS BEEN AVERTED

SAN FRANCISCO, Aug. 19.—H. W. Hanger, a member of the national board of mediation and conciliation, who came west recently to attempt the adjustment of differences between the Southern Pacific Railroad company and its locomotive and train crews, announced last night that a compromise had been effected that fully satisfied all parties to the controversy and averted the threatened strike.

"There's a Reason" for POSTUM

PRESIDENT HUERTA AND JOHN LIND

Said to Have Reached Understanding Which May Prevent Trouble Be- tween This Country and Mexico

MEXICO CITY, Aug. 19.—Face to face in conference during the night ex-Governor John Lind and President Huerta are believed to have reached an understanding which may yet prevent the severance of relations between the United States and Mexico, and serve to continue negotiations in which Washington may play the role of mediator.

A despatch from Mexico City, last night, was to the effect that the United States government had been given until midnight by President Huerta to recognize his government in Mexico, and that Huerta in replying to President Wilson's note, recently delivered to the Mexican government said he would tolerate no interference, even though that interference might be characterized as friendly mediation.

HUERTA DENIES STATEMENT

WASHINGTON, Aug. 19.—Charge O'Shaughnessy cabled Secretary Bryan from Mexico City early today that President Huerta, through Foreign Minister Gamboa, emphatically denied there was "any foundation whatever" for the statement that Huerta has issued an ultimatum to the United States demanding recognition with the alternative of handing Mr. O'Shaughnessy his passports.

No Details of Conference

Neither at the national palace nor at the American embassy were any details of the conference given out, but it is known that the meeting was cordial and that Mr. Lind considers the so-called ultimatum announced through Dr. Aureliano Urrutia, minister of the interior, late last night as unauthorized. It is not claimed, however, that President Huerta specifically denied having made peremptory demand for recognition as contained in Dr. Urrutia's statement. This was to the effect that the United States government would be given until midnight to agree to recognition of the Huerta administration, under threat of severing all relations.

Mr. Lind has always believed that he could accomplish much if permitted to talk personally with the president, and there is reason to believe that as a result of this conference between these two plain speaking men the attitude of President Huerta may be changed.

Notwithstanding that the first steps toward a diplomatic break had already been taken. The gravity of the situation is at least considerably relieved for the immediate present.

Bad Impressions Dispelled.

Secretary Bryan, an early riser, read the morning newspapers and hurried down to his office, where he found the reassuring cable from Charge O'Shaughnessy and then hurried over to the White House to confer with President Wilson. While there the message came from Mr. Lind telling of the conference with Huerta. Members of the senate foreign relations committee, alarmed by the apparent gravity of the situation, hurried down to the White House to ask for a conference with President Wilson. There seemed to be a division of opinion among them as to whether Minister Urrutia's announcement was unauthorized. Some were strongly inclined to accept that explanation as given by Foreign Minister Gamboa.

Charge O'Shaughnessy's dispatch, backed up by Mr. Lind's, served to dispel impressions the news dispatches

had created, and the official view switched around to a general belief that while the situation was delicate there was hope of some satisfactory conclusion so long as conferences were continuing between Huerta and Mr. Lind. It was generally understood that while negotiations were still in progress the Mexican government's request that publication of President Wilson's views as presented by Mr. Lind be withheld from publication would be respected and that they might not be given out today.

No Foundation in Fact.

Senators Lodge and Stone were shown the following cablegram to Secretary Bryan from Charge O'Shaughnessy dated last night and received at 4 a. m. today:

"The correspondents have cabled that the Mexican government has stated that its note to Lind demands that the United States recognize the Huerta government before 12 o'clock midnight today or a statement practically to that effect."

"I brought the matter to the urgent attention of the minister of foreign affairs at 1 p. m. He immediately saw the president and minister of Gobernacion, Señor Urrutia, who is supposed to have given out the statement and he authorized me to deny this statement to my government as having no foundation in fact."

Well Satisfied

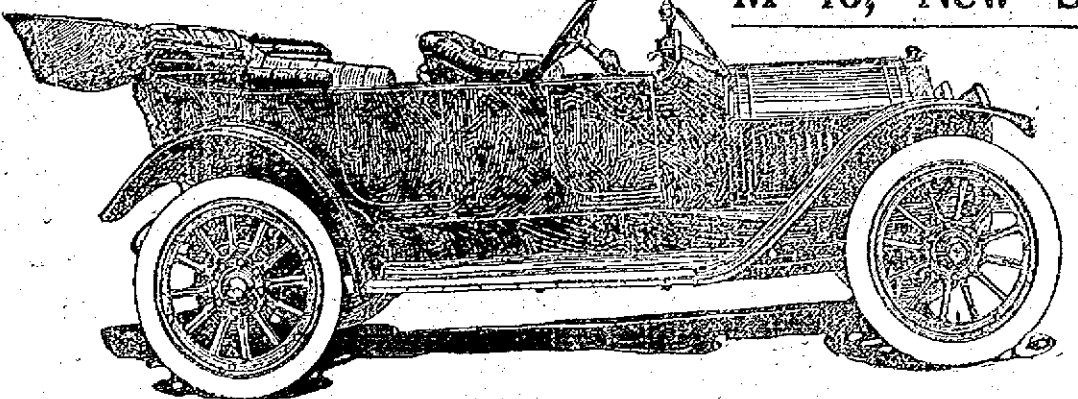

Many of the tenants of the new Sun building say they would sooner think of going out of business than return to their former locations.

FRANTIC HUSBAND KILLS WIFE AND SELF

WHEELING, W. Va., Aug. 19.—Frantic because he had heard unfounded reports reflecting on his wife's character, John Marshall this morning fired five bullets into her body as they sat at the breakfast table in their home in Martins Ferry across the Ohio river from here.

Chief of Police Edward Hyland, who lived next door, heard the shots and forced the door to the Marshall house. Marshall fled to the attic and Hyland summoned other policemen who surrounded the house. Finding escape cut off, Marshall blew out his brains. Mrs. Marshall was killed in the presence of four of her six children.

The Car of Unfailing Service

Dreadnought Moline,
M-40, New Series

SEE THIS SPLENDID CAR

At the Rockingham Fair

Rockingham Park, Salem, N. H., August 19 to 23

Every man in New England, who is interested in automobiles, owes himself the pleasure of inspecting this car. It will be on exhibition in our booth at the Rockingham Fair all this week. If you are going to attend this event see the car first. Don't, on any account, miss seeing it while you are there.

This is what you will find when you examine the Dreadnought Moline, New Series.

You will find a car of unparalleled comfort; comfort made certain by the 124 inches of wheelbase, by over-size 36x4 inch tires, upholstery that cannot be bettered; full elliptic springs, the easiest spring suspension known. You will find roominess, no cramping or crowding; road comfort which robs the roughest roads of their terrors.

You will find durability, staying power; a car that is up to its work the year round and for years to come. This car has an unequalled record in the hands of its users. It is the car of unfailing service.

Durability is built in, it is the first thought of our engineers in their design. It gives peace of mind to

Moline users—they recognize it as the "troubleless car."

You will find a car of economy whose up-keep expense is reduced to the lowest minimum, a car which is economical of the gasoline, of the oil, easy on tires, a car which demands few repair bills.

You will find a car of beauty, one you will be glad to drive in any company, a car which gives, for the price it costs, the utmost return of comfort, durability, service, and satisfaction.

The exclusive features of the Dreadnought Moline, New Series, are too many to be detailed here. You must see it to understand and appreciate it. Here's the opportunity. Come to the Rockingham Fair.

TREAT HARDWARE & SUPPLY CO., LAWRENCE, MASS.

HERBERT ROWE WAS DETERMINED TO DIE

NEWBURYPORT, Mass., Aug. 19.—After being dragged from beneath a train where he had thrown himself in an attempt to suicide today, Herbert L. Rowe broke away from his rescuers, ran out onto the Boston and Maine railroad bridge and ended his life by jumping into the Merrimack river. Rowe made his first attempt at the Newburyport station before the eyes of many persons waiting for the train. James Nolan and Frank Morrison were nearest him when he jumped onto the track and they pulled him back onto the platform when the engine was but a few feet away. Rowe fought desperately with his captors and finally succeeded in breaking away. As he ran down the railroad track he was followed by a number of men but he outdistanced them to the bridge and jumped before anyone could catch him. Rowe was 35 years of age and single. He came here recently from Lewiston, Me. No reason is known for his act.

The United Wall Paper Stores of America's 12 Magnificent \$1000 Patented "Wall-like" Display Racks in all our New England Stores will be put in operation today, Tuesday, showing 10,800 patterns, themselves completely papered on actual life-size walls, especially arranged for actual effect.

Thereby enabling our customers to see the papers they select actually papered on the walls, eliminating all the doubts and disappointments of buying from the old fashioned and antiquated method of shot to pieces sample books and single width sample rolls. In vogue elsewhere. Our 12 magnificently fitted "Goldberg Wall-like Wall Paper Racks" are the only ones north of New York city. Having only recently been invented and placed on the market, we secured control of them for the different cities in which we have stores located and guarantee the public this method is absolutely the most perfect method of selecting wall paper ever devised for the convenience of the prospective customer. The big New York stores are adopting this same system of showing the papers, and again we guarantee the public that from time to time that as rapidly as any improvements come out for the convenience of the public or our employees, they will be installed in our big chain of stores for their express benefit.

N. B.—We advise you to attend our 4th August big "Mark Down" Sale as early as possible and inspect these magnificent show racks.

Signed, L. R. WILSON CO.,
Operators of the United Wall Paper Stores of America.

LOWELL LEADS THE LEAGUE

Portland Was Defeated in 6 to 2
Game—Finneran and Halstein
Were the Stars

First place for the sturdy band of baseball warriors under the leadership of Manager Gray resulted yesterday, when Lowell took Portland into camp on their Maine diamond, defeating them by the score of 6 to 2. Finneran's pitching was the greatest factor in Lowell's victory.

From the opening of the game it was plainly seen that Gray's men were on their toes, and that Portland would

two occasions it looked as though he would be set upon by the bleachers, but order was maintained by a squad of police which were held in readiness for the purpose. Rorty ordered both Merrill and Wornwood from the game. "Red" was escorted from the grounds by several policemen at the conclusion of the game.

The score:

LOWELL	ab	r	h	po	a	e
Clemens, cf	3	1	1	2	1	0
Miller, 2b	3	2	1	1	0	0
DeGroot, rf	5	0	0	2	0	0
Magee, lf	4	1	2	1	0	0
Halstein, 1b	5	1	3	11	0	0
Burns, c	2	1	1	6	2	0
Andrew, ss	3	0	1	1	5	1

Two base hits: Magee, Halstein and Burns. Hits: Off Lowell 5 in 3 innings; off Wornwood 4 in 3 innings; off Mayberry 3 in 2 innings. Sacrifice hits: Miller, Andrew, Doe, J. Sullivan, Stolen bases: Courtney, Miller, J. Sullivan, Finneran, Bowcock. Double plays: McLean to Bowcock to McLean; to Hickman to J. Sullivan. Left on bases: Lowell 5; Portland 3. Struck out: By Wornwood 1; by Mayberry 2; by Courtney 2; by Mayberry 2. Pitches: Finneran, 20; Courtney, 20; Rorty, 20.

JACK HALSTEIN
Lowell's Slugging First Baseman

have to play phenomenal ball if they were to be in the running. Miller was back in the game none the worse for his accident on Sunday, although his eye was badly discolored.

Halstein was the leading sensation of the game. The Lowell first baseman hit the first run across the plate in the second when he doubled to right field. In the next inning this same player batted in three more runs and scored in the game. Halstein made two singles and a double in five times at bat. Jimmy Magee also hit the ball hard.

"Red" Rorty officiated and was roundly abused by the Portland fans for his unprejudiced decisions. On

THE WORLD'S CHAMPION
Hammer Thrower Will
Not Lose His Eye

NEW YORK, Aug. 19.—When Matt McGrath, the Olympic champion hammer thrower, who is a member of the New York police force, was attacked

by a crowd of well-to-do men in a free fight in the lobby of a theatre where McGrath was stationed, one of his eyes was jabbed by an umbrella. It was feared he would lose the sight of it and thus disable him in future athletic events, but the doctors said they could save his sight, although he had a close call.

DIAMOND DAZZLES

The Sherman team of the Texas-Oklahoma league has sold Ben Tincup a pitcher, to the Philadelphia Nationals for \$1500. Tincup is an Indian and he will report Aug. 30.

Art Lavigne is getting so nervous that he has to be back to the umpire all the time now. He was sent to the clubhouse Friday for being too easy to umpire Bannan.

Herbert Young, the Whalers' winning pitcher, failed to last with such clubs as Worcester and Lowell, yet he is winning regularly for the Whalers, a second division club.

Ball players get peevish in their advanced age. Cy Seymour whipped First Baseman Beck of the Buffalo club because Beck informed Manager Clymer that he had stayed out late at night. Clymer fired Seymour. George Altlin has jumped the Montreal club because he was not pitched often enough to suit him. One would think in these hot days a pitcher would rather enjoy the shady nooks of the bench.

David R. Snyder, the present treasurer of the Philadelphia National league team, will most likely be named as the successor to William H. Locke. Mr. Snyder is the father-in-law of the deceased president, and he has the confidence of the men who have entrusted him with the management of the finances of the stockholders.

Former Police Commissioner Baker of New York, who is also related to Mr. Locke, said that he thought that Mr. Snyder would continue to represent the interests which Mr. Locke controlled.

Fred T. Chandler, the Philadelphia banker, and largest of the local stockholders, was away from the city, but at his office it was said that Mr. Locke's wishes in the matter of his successor would be followed and it was stated that when he knew he was not going to recover, the late president of the Phillies had expressed a wish that his father-in-law succeed him.

Olis Craneall acquired by the Cardinals from the Giants in exchange for Catcher Larry McLean today signed a St. Louis contract, calling for the same salary he was receiving from the New York club. The St. Louis club was anxious to slice \$750 off his pay, but Craneall declared he would not stand for any cut. He was out yesterday in a St. Louis uniform after having received the personal assurance of President Britton that his demands would be met.

When the Brooklyn went to bat in the 12th inning the other day Manager Fred Clarke of Pittsburgh who had been warned to keep quiet on the bench, began to taunt Umpire O'Day.

SPEED KING WALTER JOHNSON
SETS RECORD FOR STRAIGHT WINS

DETROIT, Mich., Aug. 19.—Walter not surpassing, Robo Marquard's record of nineteen straight victories made straight victory for the Washingtons last year in the National league. Johnson has terrific speed and is in his best form this year. Many fans count him the best pitcher in either league, barring none.

pitching of McGovern, who had 17 strikes out. The Shamrocks will play the St. Patrick Junior Holy Names on Saturday on the North common.

The Shamrocks have an open date for Saturday and would like to play any strong team in the city. C. M. A. C. or South Parks preferred. All players report at the club rooms Saturday at 1:30.

THE BOW AND ARROW
Sport of Ancient Days
Brings Archers

FROM ALL OVER COUNTRY TO SOLDIERS' FIELD

Annual Tournament of National Archery Association—Both Sex Will Participate in Team Shooting

CAMBRIDGE, Mass., Aug. 19.—Archery, the sport of ancient days, brought many men and women from various parts of the country to Soldiers' Field today to try their skill at the annual tournament of the National Archery Association of the United States. Hundreds of spectators were expected to watch the skilled competitors draw bows at the four days' meeting.

Separate matches have been arranged for the lady and gentlemen contestants for today, while on Friday there will be team shooting in which both sex will participate. The opening round for ladies, the Columbia, was one of 21 arrows at 50 yards; 21 at 40 yards and 24 at 30 yards. At the same time the men contestants shot the regular and handicap round of 30 arrows at 50 yards; 30 at 50 yards and 30 at 40 yards.

A large number of crack archers were entered in the tournament. George E. Bryant of Montreal will defend the championship title for men. It was expected that Mrs. Witter Taylor of Chicago, who won the national championship for women last year, would take part, but she found it impossible to attend.

Athletes and Athletics

At the top for the second time. However, we won't dwell on the length of time we hung on to the leadership on the first occasion. Let's root for two out of those three games.

Miller looks more like a prize fighter than a baseball player. His left eye is the blackest object in Portland and probably will remain so for some time. The second baseman is right there every minute regardless of his injury last Saturday.

No wonder the boys are pulling hard for that pennant. Manager Gray has promised them each a dozen silk shirts if they pull down the tag and needless to say, pitchers, catchers, infielders and outfielders are all looking for those silk shirts.

Brockton will play here Friday but the New Bedford management has not yet signified its intention of transferring Saturday's double-header. If the games are played in the Whalers home town the double bill will not draw over a thousand fans if they do as well as that. Let's transfer them.

Worcester stood still yesterday on account of rain and Lawrence won two games from Lynn. We are mighty thankful it wasn't the reverse for in that case Mr. Burcott would just top us by .002. Worcester is still in the running, don't forget, and will be until the pennant is won.

Sambo had to give way to his opponent the same as usual in order to get his Boston match with Percy Flynn. Flynn insisted on clean breaks and would not box without them, while, Langford, of course, wanted to hit in the break-away. Joe Woodman finally decided to fight his man, however, and the bout has been arranged for a week from tonight.

The Joe Egan-Eddie Murphy tussle on September 2 at the Boston club game when he was attacked for re-sounding the bell of the logical light-weight champion of these parts is a game would have sent Portland a few notches higher in the standing.

Murphy and whoever wins this contest will certainly announce himself as the New England champion. Matt Baldwin might have a word to say, however.

Put Martin, the Lawrence southpaw, has been recalled by the New York Americans. Martin was sent to Lawrence by the Yankees in order to have him gain a trifle more experience before going into the majors. Martin hails from Brooklyn and is only a youngster.

Many of the leaders among Canadian sportsmen are trying to exclude baseball from the provinces, or rather are trying to stimulate such an interest in cricket that the American game will die a natural death, which amounts to the same thing. Although popular in England, cricket will never attain the foothold in this continent that baseball has got, no matter who comes out in favor of the English game.

Whether or not Matt McGrath, the noted weight man of the Irish-American A. C. will still continue in athletics is a question. McGrath lost the sight of one eye in a mixup on a New York roof garden of which he was the manager. It is claimed by the police that a millionaire broker stuck his cane in the athlete's eye.

Manager Piner is trying the worst way to bolster up his Lawrence club. His latest acquisition is a Waltham medical student named McMahon. McMahon comes to Lawrence well recommended. Louis also tried to secure Eas, the utility infielder of the Providence club, but failed.

Secretary Cooper of the New England league has announced that Hugh Duffy's protest of the game forfeited to Lawrence at Portland has been overridden. Red Rorty forfeited the game when he was attacked for re-sounding the bell of the logical light-weight champion of these parts is a game would have sent Portland a few notches higher in the standing.

POLICE LOOKING FOR MISSING MILLIONAIRE

ST. PAUL, Aug. 19.—Police and detectives are attempting to find George W. Griggs, a millionaire bachelor, who, they believe, may have been murdered. Griggs, a member of a wholesale flour and feed firm, disappeared Sunday. A coat and hat belonging to him were found yesterday on a bridge. In the coat were four \$20 bills and stationery belonging to the Griggs firm. Letters found in Griggs' coat indicated that he had been in bad health for some time, and it was thought by some he might have committed suicide.

STOLEN BY GYPSIES

And Escaped From His Kidnappers
After 17 Years—Frederick Brosseau's Parents Mourned Him as Dead

WATERTOWN, N. Y., Aug. 19.—Word reached here yesterday that Frederick Brosseau, 21, who was kidnapped by gypsies nearly 17 years ago, has been restored to his parents, Mr. and Mrs. John Brosseau of Sissonville, St. Lawrence county. They had long mourned him as dead.

On Oct. 1, 1896, young Brosseau left home to meet his father at the edge of the village. That was the last seen of the boy in Sissonville.

About a week ago a young man de-

serted from a land of gypsies in the Canada wilds and took refuge with the monks of Oka, whose isolated monastery is 10 miles from Montreal. He could remember nothing of his history previous to becoming a member of the band, except that he had been called Fred, and that his former home was in northern New York.

The presence of the wanderer was reported by the monks to the Montreal police, and an agent of the young man recognized his picture in a newspaper. The parents were notified and went to Montreal, where they positively identified Brosseau by a birthmark. He is being detained by the police as a witness against some of the gypsies under arrest, charged with kidnapping.

MR. OLNEY'S VIEWS

The prominence of Mr. Richard Olney in the democratic party, the fact that he has business interests similar to many who claim that the coming tariff bill will bring them disaster, and finally his recent declaration to be a democratic candidate for lieutenant-governor, make a publication of his motives for his stand there was a general feeling that he had some positive grievance against the party which has signally honored him in the past and which may naturally expect his allegiance and support.

In a long and detailed letter to the Sunday Herald of August 17th, Mr. Olney throws down the gauntlet of supposition painfully erected by those who do not sympathize with the aims of the present government, and incidentally pays a high tribute to the work being accomplished by the democratic party. He opens by expressing a desire to correct an impression created by two or three of the Boston papers that he refused to be a candidate for democratic office because of tariff conditions. Before dwelling specifically on the outlook of his business—the wool business—under the tariff he pays a high tribute to David L. Walsh, whom he calls a personal friend "fully equipped by experience and well qualified to become governor of the commonwealth." The prospect of running with Mr. Walsh was "so alluring and attractive" that he did not fully decide not to run until he had weighed the matter for two or three days.

As to the outlook of the wool business under new tariff conditions, Mr. Olney expresses no fears. There may be a slight confusion, he says, due to the rearrangement of business, but nothing serious of a permanent nature. Here are his words:—
"Many wool men and some manufacturers fear that sufficient duty has not been left on manufactured goods, tops and yarns, but I am of the firm belief that once the tariff bill becomes a law and industries and trade become adjusted and accustomed to a low tariff bill, efficiency and economy will assert themselves in a renewed prosperity."

"That portion of industry which has legislated for a high tariff, which has made exorbitant profits under an onerous tariff may be handicapped at first. The fear of foreign competition is an old bogey not to be seriously considered."

With regard to any apparent business depression that now exists, Mr. Olney throws a light on the matter which reveals it in a strange and unusual light. According to him, there is more danger of panic in the baneful predictions of a hostile press or public than in the actual working of the pending bill. The following extract hits straight from the shoulder:

"The pessimistic attitude of a press hostile to the party in power, and of men of apparent respectability, yet calmly howlers, railing against a government which is attempting to do its best for all the people, is enough to depress the general welfare of business."

He pays a high tribute to President Wilson in the following:

"As time goes on I am more strongly impressed than ever with President Wilson's wisdom and ability, and if allowed to work out and accomplish his level-headed ideas, we will see before the close of his administration a blessed and regenerated republic."

It will be readily seen from the above extracts that Mr. Olney is as enthusiastic as ever in support of the democratic party. If there is any doubt remaining he dispels it in the closing paragraph. He frankly attributes his refusal to be a candidate for lieutenant-governor to financial considerations and the fact that he cannot leave his wool business at this time of reconstruction. Finally he predicts success for Mr. Walsh and Mr. Long and assures them of his "heartily moral and financial support." Every line of his explanation rings true with sincerity and good sense, and it removes any need for doubting his real views, which are very positive and which he is not afraid to express.

THE THAW ESCAPE

In the escape of Harry Thaw from Mattawan hospital for the criminal insane we have a notable instance of the power of money in the defeat of justice. A little over five years ago this degenerate scoundrel was sentenced to a life term by a jury after a corps of insanity experts had given testimony pro and con. Since that time he has figured almost constantly in the public gaze in attempts to escape the punishment too richly deserved. Sometimes he sought his freedom before the courts and at other times by the barest bribery. At last it looks as though he has accomplished his desire by a spectacular escape. Press reports of the affair make it look as though there were confederates within the building as well as without, and it will not be surprising if investigation reveals that a little of his family millions was used successfully in oiling the hinges of the doors created by justice between him and his fellow-man.

As far as his escape in itself goes, New York may well feel relieved at his departure. He has been a constant worry and an enormous expense, and there is scarcely an official who has had anything to do with him since his incarceration who will not secretly wish him success in his attempt to evade the law. In this respect his escape resembles the farewell of Jack Johnson. If he has succeeded in going over the state line, as is very probable, he may remain a free man for life as in our states he is almost sure to find one which will not erect a legal barrier to his remaining at liberty. But those who have followed his career expect to hear from him again. Though not popularly believed insane in the common sense of the term, he is a criminal of a far more dangerous nature, and his depraved mind is able to plunge him into future excesses as grave as the murder of Stanford White.

In the Thaw escape there is a great lesson for men who are on criminal paths. Here is a man who committed a deliberate murder. There was scarcely one redeeming feature to lessen his guilt. He was a being of the vilest type, a libertine, a creature of criminal and defective mentality. Yet through the liberal expenditure of money he escaped the murderer's chair and now he is likely to remain a free man. It is not strange that there is a well defined impression in America that money is all powerful in setting the law at naught.

GOVERNOR FOSS JUMPS AGAIN

"Governor Foss went over to the republican party, bag and baggage, at the outset of the Essex county republicans held in the Seaboard Inn at Lynnfield yesterday," Boston Sunday paper.

If this report be true and there is no reason to doubt it, the democratic party has but to say farewell to Hon. Eugene N. Foss. We always believed him to be a man of principle and when he rode his recalcitrance into the democratic ranks, we believed him to be an honest reformer, not a dissembler seeking office under false pretences. For three years he has been elected governor by the democratic party and having lost all hope of any further honors at the hands of that party, he turns to the disrupted republican organization with the hope that he may be able to convince the voters that with a certain democratic support plus the republican strength, he can defeat the democratic candidate.

In trying to work this scheme Mr. Foss proves to be a mere office seeker instead of an honest, well meaning reformer; and in deserting the democratic party after being the recipient of the highest honors in its gift, he proves himself to be a political ingrate. We can inform Mr. Foss that he will have no democratic following for we know of nothing which democrats desire more than ingratitude and open betrayal of party principles.

The question arises, will the republican party which Foss deserted when he saw an opportunity to work the democracy, now take him to its bosom and condone his betrayal. He is now a traitor to both parties and as such both should deposit him in the political abyss from which there will be no reappearance. The democratic party never knowingly upheld a Janus faced candidate.

Seen and Heard

A woman can't understand why a man should ever be willing to pay ten cents for a cigar when he could get a cake of sweet chocolate for the same money.

The wise man doesn't talk unnecessarily, but just because a man goes around habitually without saying much you can't be sure that he is wise.

If a college education progresses as it should, the young man from freshman to senior learns more and more, day after day, how many things he doesn't know.

Some of the teachers in the schools work hard to train left-handed boys to be right-handed, absolutely without considering for a moment how many famous future southpaws they may spoil.

A lobster looks over so much more beautiful and it is boiled, and yet probably it doesn't welcome the process with delight.

There's no denying it: some of the automobile women look like frights from their automobile goggles and automobile headgear, and to be frank about it some of them aren't so blamed beautiful after they get the things all off.

What good does it do you if you have a visible typewriter and can see when you have misspelled a word, if you don't know it?

There are men who think so much of money that they would even be ungrateful to get it.

Perhaps it would help some to relieve the dreadful monopoly of restaurant bills of fare if the cooks would only be entertaining and give some of the old things a new name.

A man in Syracuse declares that he lives on 75 cents a week—a poet, maybe.

Vice President Marshall is rapidly passing to first place as a public speaker of great humor, originality and power.

The free pressman's ten commandments for lawyers are well known. His principles on ambition, having been given at a private luncheon, has not yet appeared in print.

"All of us," said the vice president in Washington, "yes, all of us, may in time come to realize that great deeds do not come to us long enough to get to be the oldest something or other."

The drummer had been bragging about his achievements for a goodly time and finally the meek little man in the corner piped up.

"Excuse me," he said, "but perhaps you can tell me why you gentlemen are called drummers?"

"Well, why shouldn't we be so called? We drum up trade, don't we?" was the return.

"I know," said the meek little man, "but the drum is not a wind instrument."

What good does it do you if you have a visible typewriter and can see when you have misspelled a word, if you don't know it?

There are men who think so much of money that they would even be ungrateful to get it.

Perhaps it would help some to relieve the dreadful monopoly of restaurant bills of fare if the cooks would only be entertaining and give some of the old things a new name.

A man in Syracuse declares that he lives on 75 cents a week—a poet, maybe.

Vice President Marshall is rapidly passing to first place as a public speaker of great humor, originality and power.

The free pressman's ten commandments for lawyers are well known. His principles on ambition, having been given at a private luncheon, has not yet appeared in print.

"All of us," said the vice president in Washington, "yes, all of us, may in time come to realize that great deeds do not come to us long enough to get to be the oldest something or other."

The drummer had been bragging about his achievements for a goodly time and finally the meek little man in the corner piped up.

"Excuse me," he said, "but perhaps you can tell me why you gentlemen are called drummers?"

"Well, why shouldn't we be so called? We drum up trade, don't we?" was the return.

"I know," said the meek little man, "but the drum is not a wind instrument."

Some of the teachers in the schools work hard to train left-handed boys to be right-handed, absolutely without considering for a moment how many famous future southpaws they may spoil.

A lobster looks over so much more beautiful and it is boiled, and yet probably it doesn't welcome the process with delight.

There's no denying it: some of the automobile women look like frights from their automobile goggles and automobile headgear, and to be frank about it some of them aren't so blamed beautiful after they get the things all off.

What good does it do you if you have a visible typewriter and can see when you have misspelled a word, if you don't know it?

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try a good little Sargol with their meals for a while and the result will be a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story and most any thin man or woman can easily add from five to eight pounds in the first four weeks by following this simple direction. And best of all the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe, fat, providing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop into pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

Some of the teachers in the schools work hard to train left-handed boys to be right-handed, absolutely without considering for a moment how many famous future southpaws they may spoil.

BIG FAIR AT ROCKINGHAM PARK

The Grand Circuit Horses in Fine Fettle—Big Line Campaigners Ready for the Fray

SALEM, N. H., Aug. 19.—The grand circuit meeting opened at Rockingham park today with three races on the program. This was "Old Home day" and two of the events were for New England-owned horses. The classes were "the New England," valued at \$2,000; "the Merrimack," valued at \$2,000; and the "210 pace" for \$1000. Lew Perkins, 2004, was favored in the "New England" because of his racing in the Metropolitan circuit in New York. Peter Simms, from the stable of C. W. Lazell, Whitinsville, Mass., was expected to win the "Merrimack." The talent picked Colin D. and Edna B. as the best in the 210 pace. For six weeks the grand circuit has been in the middle west during which the campaigners have visited, in order, Cleveland, Pittsburgh, Buffalo, Grand Rapids, Kalamazoo and Detroit. The jump from Detroit to Rockingham is about the longest of the entire 13 weeks of grand circuit racing, yet the

Hanks circuit down in Maine will try for some of the \$10,000 that Rockingham offers, much of which is for horses that have not been started in grand circuit events prior to the Rockingham meeting.

The Rockingham entry list is a most attractive one and represents the pick of the best horses in training. Almost every race promises a good contest, with the \$5000 Granite State for 212 class trot being the classiest of the lot. In this race Ed Geers' Reusens, the winner of the classic M. and M. at Detroit only last week, will be started against the Maddens' Tencara, Walter Cox's Judson Girl and Eulabel. This is the big race for Thursday, Governor's day, at the fair. Reusens, by virtue of his sensational win in the M. and M., will doubtless be regarded as most likely to pull down first money. Tencara, although beaten at Detroit, sustained there the first defeat she has met this season, and may come back good and strong. Judson Girl is a consistent performer, while Eulabel, the stay of Lou McDonald's stable, has thus far shown rather more than Star Winter, the \$11,600 New Bedford-owned trotter upon which McDonald was pinning his faith during the spring training.

In addition to the stake and class events, the American Horse Breeder Futurity will come up for settlement, and there is always great interest surrounding the work of the colts' sutors. These are an important division of the Futurity, those for 2 and for 3-year-old trotters, as well as a division for the 3-year-old pacers. In two of these Tommy Murphy appears to have the edge of the field, although about all of the star colt trotters of the year are entered, with the exception of the blind stretch, a winner of the Chicago Horseman's Futurity earlier in the season.

With Stuench out, probably the best of the three-year-olds is Dillon Axworthy, the winner of the Matron Stakes at Detroit, last week. Dillon Axworthy is owned by A. B. Cox, the Pauli (Pa.) horseman who also owned Peter Thompson when that colt had the fatalities all but at his heels two years ago. Walter Cox will have Peter Johnson by Grey Petrus in this race, but Peter has not been quite himself of late. Chester W. Lazell's Nowaday, who fought it out in the two-year-old divisions of the futurities with Dillon Axworthy last season, will be started fresh from her campaign in the Metropolitan circuit, where she made fast time over the twice-around. The local-owned colts Todd Echo 2:21 1/2 and Tom Minton, the latter a sensational two-year-old performer until going wrong last summer, will be started along with Barbara Overton (2) 2:15 1/2, Delzona (2) 2:22 1/2, George Rex (2) 2:15 1/2 and one or two others.

Tommy Murphy's Peter Vol, after his world's record mile of 2:09 at Detroit last week, will rather lay over his field in the two-year-old division. One of the other starters in this race will be Bob Proctor's The British Soldier (2) 2:25 1/2. Then there will be Alredale, the world's champion yearling trotter with his racing record of 2:15 1/2, Prize Cockade (2) 2:26 1/2, Barrell (1) 2:37 1/2 and others. As Murphy has the best of the two-year-olds in Peter Vol, so his Tillie Tinton, for whom \$5500 was paid at the opening of the season, is, to all appearances, the best of the three-year-old pacers. Tillie Tinton, who has been up second in 2:05 1/2, will be opposed among others by Horace Braugham, a full brother to Walter Cox's old campaigner Braugham Braugham, Mr. Jock 2:13 and one or two others, for some reason, three-year-old racing fields are never as large fields of trotters of the corresponding age.

The M. Washington pace for the 213 class side-wheelers will prove the most interesting of the racing events, and among the starters will be Frank Bogash, Jr., with which Tommy Murphy won the Chamber of Commerce at Detroit only last week, stepping one heat in 2:02 1/2, a new record for the event. Last season Frank Bogash, Jr., was raced around in this vicinity and those who predicted at the time that the Bogash horse would prove the sensational pacer of this year are not disappointed. Walter Cox's Del Rey, although he has been laid up with the all-prevailing distemper for the past two or three weeks, will probably be started against Frank Bogash, Jr., as well as Leola J., another of the season's fast starters.

Besides the \$12,000 horse race there is a \$15,000 cattle show; exhibits in the new women's building by 123 granges.

DEATHS

COLLINS—John P. Collins, aged 57 years, of 214 Thorndike street, died Sunday at the Chelmsford street hospital. He leaves to mourn his loss his son, Christopher, one daughter, Mrs. Mary P. Lynch, and two sisters, Mrs. Francis E. Planders of Lowell and Mrs. Anna Williams of Ireland.

FITZGERALD—Thomas Fitzgerald died at his home, 213 Charleston street, Lawrence, yesterday. He had been a resident of Andover until he moved here last week. He was 68 years of age. Mr. Fitzgerald had been in the last of health until about 10 days ago, when he sustained a shock from which he never recovered. Besides his wife, he leaves three sons, John, of Boston and Maurice W. of Andover, and four daughters, Elizabeth R. graduate nurse of the Lowell General hospital, Alice V. teacher in the Washington school of this city, Helen G. and Mrs. M. A. Scanlon.

DANCOSSE—Leo Dancosse, aged six months, son of Ambrose and Marie Dancosse, died last evening at the Lowell General hospital after a brief illness. The body was later removed to the home of the parents, 514 Broadway.

GUILMETTE—Mrs. Alexandre Guilmette, aged 44 years, died last evening at the Lowell hospital after a brief illness. She leaves her husband, Alexandre Guilmette, her father, Etienne Chasse, and two daughters, all of this city. The body was later removed to the home of her father, Etienne Chasse, 822 Lakeview avenue.

MCDONALD—Mrs. Alice M. McDonald, a well known resident of this city, died yesterday at her home, 714 Graham street, aged 44 years. Besides her husband, John J., she leaves one daughter, Helen M., two sons, Walter R. and William J., three sisters, Mrs. John P. Webster of Salem, B. L. Mrs. Elizabeth McDermott of this city and Mrs. Harry Steward of Portland, and her mother, Mrs. Ellen Burns of Nahant.

FUNERAL NOTICE

BACHOLDER—Died, at 355 Westford street, 20 days ago, at her home, 79 years. A funeral service will be held at her home, Wednesday at 12 m. Burial at Amherst, N. H., at 3 p. m.

FUNERALS

PARENT—The funeral of Mrs. Blanche Parent took place from the home of her parents, Mr. and Mrs. Arthur Parent, 20 Dana street, Sunday, and was largely attended. At St. Louis' church a Libera was sung by Rev. L. C. Bland. The bearers were J. and A. Larchelle, H. Saucer and E.

A Great Slaughter Sale

OF

Suits, Coats, Dresses, Waists, Bathing Suits and Children's Dresses, Etc.

SALE STARTS TOMORROW MORNING AT 9.30

YOU WILL NEVER FORGIVE YOURSELF IF YOU FAIL TO TAKE ADVANTAGE OF THE WONDERFUL BARGAINS WE ARE OFFERING.

Lavio. Burial service was held at the family lot in St. Joseph's cemetery. Among the relatives present from out-of-town were Mr. and Mrs. Josephine Matthews, Rev. Fr. Doherty, Thomas J. McGowan and John F. O'Brien.

DUGAS—The funeral of Catherine Dugas, infant daughter of Joseph and Elizabeth Dugas, took place yesterday from the home of her parents, 501 Lakeview avenue. Burial service took place in the family lot in St. Joseph's cemetery. Undertaker Arnold Archaud was in charge of funeral arrangements.

DUPRESNE—The funeral of Marie Dupresne, took place yesterday afternoon from the home of the parents, 12 Race street. Burial service took place in St. Joseph's cemetery. Undertaker Arnold Archaud was in charge of arrangements.

DRACUP—The funeral of Albert Dracup took place yesterday afternoon from the home of his sister, Mrs. Mary J. Kennedy, 11 Oxford street. The services were conducted both at the house and at the grave by Rev. Dr. Ward of the Kirk street Congregational church. The bearers were Messrs. Herbert Fernley, James Noble, Harry Dracup and E. Kennedy. Burial was in the family lot in the Edison cemetery, under the direction of Undertakers James P. O'Donnell & Sons.

SHEA—The funeral of John Francis Shea took place yesterday afternoon from the home of his parents, 50 Lawrence street, and was largely attended. There were many beautiful flowers from the parents, Mr. and Mrs. John T. Shea, Mrs. Lambert, the Shea children, Mrs. Barry and Mrs. McGowan. Burial was in the family lot in St. Patrick's cemetery, in charge of Undertaker James W. McKenna.

SIMPSON—The funeral of Arthur Simpson took place from the home of

Undertakers Young & Blake. The services were conducted by Rev. N. W. Matthews, pastor of the First Primitive Methodist church. The bearers were Messrs. Edmund T. Simpson, Geo. H. Howes, Augustus Sturtevant and Nelson Gray. Burial was in the family lot in the Edison cemetery, where the committal service was read by the Rev. Mr. Matthews.

D. J. DOHERTY BURIED

Was Brother of Former Chelmsford Curate

The Woburn Times has the following account of the funeral of Daniel J. Doherty, brother of Rev. Fr. Doherty, until recently of North Chelmsford, now of South Boston. There were present at the funeral many friends of the family from Chelmsford and Lowell.

Daniel J. Doherty, one of Woburn's popular young men who passed away Friday evening at St. Elizabeth's hospital, was laid at rest this morning. A solemn high mass of requiem was sung at St. Charles Church at 10 o'clock by the young man's brother, Rev. Fr. Michael E. Doherty of South Boston, assisted by Rev. Fr. W. Lambert of South Boston as deacon and Rev. Fr. Danahy of Dorchester as sub-deacon. The master of ceremonies was Rev. Fr. Sullivan of Boston.

Seated inside the chancel rail were a number of priests, classmates of Rev. Fr. Doherty, including Rev. Frs. Brannagh, Campbell, Spencer and Tusher.

BULGARIANS MUST RESPECT LONDON TREATY

SOFIA, Bulgaria, Aug. 19.—The Bulgarian government was informed today that the European powers are considering measures to compel Turkey to respect the treaty of London. This information produced a reassuring effect in political circles here.

and Rev. James J. Keegan and Rev. Walter A. Fegan.

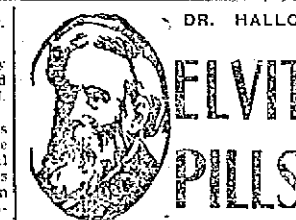

The pall bearers were Messrs. Henry Dunbury, Daniel J. Carey, Ferdinand F. Barkins, Neil Doherty, Thomas J. McGowan and John F. O'Brien.

The popularity of the young man was generously evidenced by the large gathering which attended the funeral services and the funeral cortege was one of the largest ever witnessed in Woburn. Many handsome floral tributes were received.

With the passing of Mr. Doherty, there passes from the society of the younger generation in this city, a young man whose sterling traits won for him, in the estimation of his friends a place that will be hard to fill. Possessed of a generous good nature, a smiling, jovial and obliging disposition, he was the kind whose memory is cherished as a rarity, and will long be remembered by those who were fortunate enough to enjoy his society.

He was born in Woburn, May 6, 1872, the son of Daniel and Margaret Doherty. He was educated and reared in this city and for years he was a driver for C. Finnegan, in the bakery business, making friends in all parts of the city, both young and old. When he severed his connections with Mr. Finnegan about six years ago, he became attached to a number of hotels, working at Lakewood, N. J., in the summer, and Brattleboro, N. Y., in the spring.

In Woburn council, K. of C. he was very popular and for a number of years, St. Charles C. T. A. society claimed him as one of its most prominent members and hardest workers.

DR. HALLOCK'S ELVITA PILLS

60 YEARS OF CURES

\$1 BOX FREE

A Great Nerve Rebuilder and Reconstructive Tonic for Man or Woman. Are you all run down? Are you discouraged? Are you inclined to have you weak kidneys, with pains in back and legs? Are you threatened with paralysis? Are you always tired, worried—blue—and despondent? Then send for a box of EL-VI-TA PILLS. For weak, worn out and nervous people, nervous weakness, nervous debility, nervous exhaustion, nervous dyspepsia, and "cackness" of all kinds and from whatever cause, stops all wasting. A blood purifier and a body builder, gives strength, vitality, a most wonderful invigorator. A single package proves their great qualities. Makes powerful, giving strength, courage and reserve nerve power. Used in private practice for 60 years. \$1 per box. A regular \$1 box free, sent sealed in plain package on receipt of ten cents to pay postage.

DR. HALLOCK'S EL-VI-TA CAPSULES for all bladder and kidney complaints. DR. HALLOCK'S FAMOUS EL-VI-TA "LIFE GIVING REMEDIES" are for sale at all reliable druggists, or sent by mail in plain sealed package on receipt of price. OUR MEDICAL BOOKS on blood and nervous complaints should be read by every man. Sent sealed free.

MUNICIPAL COUNCIL VOTES FOR HEARING

On Locks and Canals Protest on Laying Water Mains — Barrett Opposed

At the regular meeting of the municipal council this forenoon, Commissioner Barrett said that the engineer of the locks and canals, ought to be removed as a member of the state board of health, for, as he alleged, conducting a nuisance in the Merrimack river. This was brought about when the mayor read a communication from the locks and canals Co. protesting against the laying of the 24-inch water main across the Merrimack river, saying this interferes with the further development of the water power in Lowell, and interferes with the bed of the river, which is the company's property, and asking the council to set a date for a hearing.

A \$2500 appropriation was voted for the maintenance of the comfort station and considerable routine business was put through. The meeting was called to order by Mayor O'Donnell shortly after eleven o'clock with all members present.

Alderman Barrett is opposed to stopping work on the mains at the behest of the company, but a date was fixed for a hearing over his opposition.

A petition from the Howard street garage to keep gasoline, was granted. A petition from the New England Telephone Co. for permission to erect four poles in Cross street, was read.

Mr. E. Kelley, Daniel Martin, John Flynn, Mr. O'Sullivan, Mr. Atwood and others appeared as remonstrants.

Mr. Johnson representing the company said the pole locations were asked for in order to remove the wires from houses. He said if the petition is not granted the service on that street will be discontinued.

Mr. D. F. McCarthy said he is not a remonstrant, but he favored the petition inasmuch as he is a telephone user, and said they ought to get some consideration. The petition was referred.

The Lowell Electric Light Corp. petitioned for joint pole locations in Boylston and Billerica streets. When this petition was read Mr. Cummings said he hopes the petitioners and the Telephone company will get together and agree on some joint location in Lawrence street so as to remove several poles near the Lowell cemetery.

Mrs. Bella Walker appeared as a remonstrant, saying she does not want any more poles on her property. The plan was explained to her and she withdrew her opposition. The petition was referred.

The Lowell Electric Light Corp. petitioned for a pole location in Nineteenth street. Mrs. Barbara Wilson

WAR MEMORIALS OFFERED TO CITY

By General Philip Reade
In Letter to Mayor O'Donnell

The Articles Can be Seen at the Reade Homestead

Brig.-Gen. Philip Reade, U. S. Army, retired, is desirous of donating or lending to the city of Lowell a fine collection of memorials connected with the military service of the United States, and accordingly he has sent the following letter to Mayor O'Donnell:

511 Lakewood Avenue,
Lowell, Mass., Aug. 18, 1913.

To the Mayor of Lowell:

Undersigned contemplates donating to his native city some memorials connected with the military service of the United States, if such are desired.

They include: Certificate of membership G. A. R. and martial organizations of soldiers; U. S. Military Academy, West Point, N. Y., signed by Edwin M. Stanton, secretary of war, 1865. Parchment commissions from second lieutenant to brigadier general, U. S. A., ranging from 1867 to 1908.

Ditto commissions in the volunteer service, U. S. A., major and lieutenant colonel.

Military insignia and uniform buttons worn by him during the Indian campaigns, Spanish-American war, (Cuba-Philippine Islands), Moro campaigns.

Membership with and resolutions of various national guards, or other citizen soldiery organizations in the United States.

Paintings and other pictures of the donor.

Groups of military organizations with which he has been connected during his active military life. All are framed and in condition for wall suspension, should they be hung up.

They are at date subject to inspection at this house by any representative of the municipality, or any representative of any past or present military organization. All to be given into the keeping of the city of Lowell or any incorporated society having meetings in the city building—subject to the condition that same may be withdrawn by the subscriber, or his legal representative, should such be demanded hereafter.

If this transfer for time indefinite be acceptable, it may be that the rooms where the late General Benjamin F. Butler's memorials are would be appropriate for my military relics. He was my life-long friend, and I would like my portrait to be placed below his.

My father, Henry Reade, was at his death in 1875 a member of the

Old Residents' society, now merged with the Lowell Historical society of which I am a member, hence library room may be found for donations not wholly martial.

The city librarian has selected some books wanted by him for that library.

Respectfully,
Philip Reade,
Brig. General, U. S. Army, (Retired.)

HARRY K. THAW IN JAIL AT SHERBROOKE

Under Canadian Law He May Be Sent Back as An Undesirable—Police Detain His Companions

COATICOOK, Que., Aug. 19.—Harry K. Thaw is under arrest here. He will be arraigned at Sherbrooke as a fugitive from justice in the United States. The final disposition of the prisoner, however, rests with the Dominion government.

The slayer of Stanford White was arrested at Hermenegilde-Barford early today, an hour after he had driven across the line from New Hampshire. He admitted his identity, and declared that he could not be extradited as he had committed no crime. Thaw was arraigned this afternoon and remanded to Sherbrooke jail.

Two men, who are supposed to have accompanied Thaw in his spectacular flight from the insane asylum at Mattawau, N. Y., last Sunday morning, were found in his company and also detained. They were charged with being under suspicion of having committed an offence in another and friendly nation. These two, one of large build and the other a smaller man, at once retained counsel and refused to disclose their identities. The reward for Thaw's arrest belongs to Sheriff B. H. Kelsey, of Colebrook, N. H., who recognized Thaw on a Maine Central railroad train last night and after the fugitive had left the train at Hermenegilde-Barford, where, at the request of the sheriff, a Canadian officer, placed the fugitive under arrest.

Hermenegilde-Barford is a village two miles south of this place and Thaw was brought here. Though he had already admitted his identity to Sheriff Kelsey, he denied that he was the man who escaped from Mattawau. Later he freely admitted the facts of which the police were already convinced. He said, however, that he would fight any effort to extradite him and obtained Attorney J. Shurtleff, of this place, to look after his interests. Attorney Shurtleff had a long talk with his client, who is to be arraigned at Sherbrooke.

Story of the Arrest
COATICOOK, Aug. 19.—Thaw was arrested by local officers at the request of Sheriff B. H. Kelsey of Colebrook, N. H., who saw Thaw on a train last night and later followed him here in an automobile.

Though not knowing what they can do with their prisoner, his captors are interested in the \$500 reward which has been offered for his apprehension and they will hold him until his release is ordered or other disposition made of him by the government.

Thaw freely admitted his identity, but would not discuss his whereabouts since Sunday morning except to say that he took a train east of Boston. He said that he was making for the coast and planned to sail for Europe.

He did not appear greatly disturbed by his detention here, declaring that as he had committed no crime he could not be extradited.

In company with two men, one large and strong-appearing, and the other slightly built and both smooth shaven, Thaw, according to the police here, came over the Maine Central at some point south of Colebrook, N. H. This branch of the road extends to Portland, Me., and the police think that their prisoner took the train at Portland.

An Undesirable Citizen
OTTAWA, Ont., Aug. 19.—The rule under which action will be taken in Thaw's case provides that any person who, within five years of his incarceration in a penitentiary or insane asylum, enters Canada may be sent back as an undesirable.

There appears to be some reason for the belief, expressed here today, that the Canadian authorities will surrender Thaw to the American authorities at some point on New York state border.

Conspirators Identified
NEW YORK, Aug. 19.—Little doubt remains today that the conspirators who effected the escape of Thaw from the Mattawau asylum for the criminal insane had been fully identified. Indications were that the leader of the company was Richard J. Butler, formerly a member of the New York assembly.

Butler's chief assistant seems to have been Roger Thompson, well-known here as a chauffeur. Thompson lived with his mother, an elderly woman employed in a department store. The housekeeper today said Roger left home on Friday morning last, telling his mother that he would be gone for two or three days. He was expected home last night, she added, but he did not return.

About two months ago Thompson left the city temporarily saying he was going to Boston. Thompson is described as mild mannered but a dare devil as a chauffeur.

According to the state bureau of chauffeur's licenses, Thompson applied for a license on July 28 last and, after examination one was issued to him dated August 1, last.

A third member of the party was Thomas Flood, a chauffeur, who owned his own car, a Laudalet. He lived at 544 Tenth avenue, New York. Appar-

JAMES H. MCKINLEY SUES P. R. WARREN

For \$7000 Loaned as Plaintiff Alleges Under False Pretences —The Testimony

In a special session, called by Judge Enright and presided over by Judge Flickman, the case of Peter R. Warren, charged with the larceny of \$7000 from James H. McKinley, was started this morning. When the noon hour was reached, however, the evidence of Mr. McKinley, the first witness for the prosecution, had not been completed and the case went over to this afternoon.

It will be remembered that Mr. Warren had charge of the big manufacturing concern at Warrentonville, finally going out of business.

Plaintiff's Bill of Particulars
The bill of particulars filed by Lawyer Regan was as follows: "That the defendant on or about September and October, 1907, on divers dates and times of said months, represented at Lowell to James H. McKinley, that he, Peter R. Warren, was desirous of purchasing the shares of stock held by certain individuals or individual then unnamed in the P. R. Warren company, a corporation in which he was interested, he stated to the said McKinley that the stock would cost \$10,000, that he, the said Warren, would put \$5000 or 4000 of his money to its purchase and requested a loan of the balance from the said McKinley.

"On October 21, 1907, James H. McKinley received, at Lowell, a letter from the defendant, stating that he, the defendant, had secured an option on the said stock, that the option would soon expire, and that he needed \$7000. The next day the defendant called on the said James H. McKinley at Lowell and represented to him that the stock was costing \$10,000. McKinley gave him a check for \$7000 as a result of the said representations, which the defendant knew to be false.

"The stock in truth and in fact was purchased by the defendant or by an agent acting in his behalf, for the sum of \$5000."

Mr. McKinley Testifies
Mr. McKinley testified that the defendant had called at his store in Pawtucketville and asked him to loan him a sum of money in order that he, the defendant, might purchase enough shares of a company in which he was interested, the P. R. Warren Company, so that he, the defendant, should then control the company. This, he told Mr. McKinley, testified the witness, would cost \$10,000, and he borrowed \$7000 on a note which Mr. McKinley took. The note carried the signatures of both Mr. Warren and his wife, and was admitted by the defence this morning.

Mr. McKinley further said that the defendant told him that the shares which he had given the \$7000 for, and for the holding of which Mr. McKinley was elected a member of the board of directors, cost only \$5000, but that he would get the balance later. Mr. McKinley also said that Warren had told him that he carried \$100,000 worth of insurance on his life, and that this was payable to his wife, so that in case anything should happen to him, Warren, McKinley would be covered, as the note had his wife's signature upon it. The transaction occurred during the months of October, 1907.

Mr. McKinley stated that Mr. Warren came to him and asked him for a \$6000 loan, stating that he would give him \$1000 for the use of the money the first year and 10 per cent. interest after that time. He said Mr. Warren told him that Edward Cawley, the owner of the property, was investigating the property with the intention of investing \$25,000 in it. He said that Mr. Cawley was elected a member of

Continued to page four

ently Flood received Thaw at the asylum gate and then took him to the foot of a hill where Thompson with a heavy horse power touring car was waiting.

This car is said to have belonged to a saloonkeeper named Carroll, whose place is at the corner of 33rd street and Broadway, New York.

Fugitive From Justice
Hector Verret, King's counsel of Coaticook, is appearing for Sheriff Kelsey, who is the complainant in the case. Kelsey charged that Thaw was a fugitive from justice and demanded that he be held for the United States authorities.

Will Be Deported
OTTAWA, Ont., Aug. 19.—The Canadian immigration authorities declared this afternoon that Harry K. Thaw would be deported from Canada under the immigration regulations.

Thaw Wants Money
PITTSBURGH, Pa., Aug. 19.—A telegraphic request was received here today from Harry Thaw asking that a large sum of money be sent to him at Coaticook, Que., where he was captured early today.

Sheriff Recognized Him
COLEBROOK, N. H., Aug. 19.—Sheriff Kelsey recognized the man as Thaw on a train here last night. The man was inquiring for the county seat and someone directed him to Kelsey saying he could tell him. Kelsey looked at the man rather closely, which caused the other to remark: "You don't know who I am?" "I could make a pretty good guess, you're Thaw," the sheriff replied.

The stranger thereupon admitted his identity and added: "But you don't want me, you could not harm me if you wanted to." The two men then discussed the situation briefly.

At the station Kelsey left the train as did one of two men who were accompanying Thaw. Kelsey secured the assistance of L. W. Barber and Warner Drew and with an automobile followed the train. They learned that the stranger and his companion left the train at Riverside, where they were awaiting him by the other man who was with him had obtained an automobile, and they crossed the line into Canada, passing through Barford to Coaticook. Kelsey and his party followed and had the man arrested at Coaticook.

The stranger told the sheriff that he took the train "this side of Boston," but would make no other statement as to his movements since Sunday. Kelsey says one of the men with the stranger was a large, rough appearing man and the other considerably smaller.

Sheriff On to His Job
His movements that attracted attention in the train were described to the local police by Sheriff Kelsey in

DEATHS
YOUNG—Joseph M. Young, infant son of Joseph and Gertrude, 116 Lilley avenue, died this noon.

MANSFIELD—Thomas F. Mansfield, formerly of Lowell, died at Lewiston, Me., yesterday morning. Deceased conducted a millinery business for a number of years in Lewiston, and was well known and highly respected. Cambridge, Franklin and So. Boston papers please copy.

DELISLE—The body of Adelaire Delisle, the young man who died in New Mexico, Aug. 7, arrived in Lowell this afternoon and was removed to the home of the father, Antoine Delisle, 22 Second street. Deceased was in the U. S. Army.

MIL'HOMME—Antonio, aged seven months and 13 days, died today at the home of the parents, Rosalio and Leona Mil'homme, 191 Perkins street.

FUNERALS
COLLINS—The funeral of John P. Collins took place this morning from his home, 274 Thorndike street at 8:30 o'clock. At St. Peter's church at 9 o'clock a funeral mass of requiem was celebrated by Rev. John Burns. The bearers were: Patrick Barry, Patrick Guinane, John Mills and James Hayes. Burial was in the family lot in St. Patrick's cemetery where committal prayers were read by Rev. John Burns. Funeral arrangements were in charge of Undertaker John J. O'Donnell.

HATTON—The funeral of Mr. John C. Hatton took place this morning from the home of his daughter, Mrs. Nellie Sullivan, 25 Livingston street at 8:30 o'clock and was largely attended. At the Sacred Heart church at 9 o'clock a mass of requiem was sung by the Very Rev. T. Wade Smith, O. M. I. The bearers were Messrs. James Garrity, John Sullivan, Napoleon Constantineau and James Egan. Among the floral offerings were a large pillow, "Grandpa," from the grandchildren of the deceased; standing cross, "Brother," from the sisters of the deceased, with several others. The interment was in the family lot in St. Patrick's cemetery under the direction of Undertakers James F. O'Donnell & Sons.

FITZGERALD—The funeral of Mrs. Alice Fitzgerald, a well known resident, took place this morning at 8:30 o'clock from the chapel of J. F. O'Donnell & Sons and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. Patrick's church where at 9 o'clock a mass of requiem was sung by Rev. Timothy Callahan. The bearers were Patrick Coleman, Patrick Reardon, Jas. Lyons and Denis Cusack. At the grave Rev. Fr. Callahan read the committal prayers and the burial was in St. Patrick's cemetery in charge of Undertakers J. F. O'Donnell & Sons.

STILL IN THE RUNNING

Seventy Tennis Players
in Big Tournament

ENTHUSIASTIC FOLLOWERS OF THE
GAME

Flock Into Newport This Year as Never
Before—Tennis Battle on Casino
Courts

NEWPORT, R. I., Aug. 18.—There were 70 players, many of them of international and national repute, still in the running in the all-conclusive tournament for the national tennis championship in progress here, when the climactic match was resumed on the Casino courts today.

And it was the expectation of President H. D. Whitney, who is an active champion of the game, that half of the field would be out of the play at the end of the day.

The latter players had been so well distributed through the tournament that the result of the day's play was not until it was known that the match was a foregone conclusion.

The first and most important of these matches was that of the one which was played in the grandstand court was that between H. Norris Williams, 2nd, of Philadelphia, and Harvard, and one of the boys' top players, and Gustave P. Chabot, the brilliant veteran of New York.

Another fine series of the best tennis matches of the week, the enthusiastically followed of the game, and they have played in Newport this year as never before, all the grandstand at an early hour while in the boys' court the afternoon play appeared in all its splendor.

As the grandstand match was not started until an hour before noon the early comers found plenty of seats in the other courts of the second and third courts which had been liberated to the public. Among these were seen the notable figures of H. C. Hodge of Baltimore and H. C. Hodge of New York, two of the veteran players who had been difficult yesterday getting through in the first round.

Another interesting contest was anticipated between H. D. Whitney of Los Angeles, who will be in the grandstand court, and H. D. Whitney, a defender of the boys' championship, and H. D. Whitney, a defender of the boys' championship, and H. D. Whitney, a defender of the boys' championship.

Youth met in the struggle between H. D. Whitney of Los Angeles, who will be in the grandstand court, and H. D. Whitney, a defender of the boys' championship, and H. D. Whitney, a defender of the boys' championship, and H. D. Whitney, a defender of the boys' championship.

To the relief of both players and spectators, the sultriness of yesterday gave place today to cooler weather, with an invigorating breeze from out of the north.

Much to the disappointment of an expectant crowd, young Griffin decided during the forenoon that in view of the strenuous battle tomorrow, a match with Marchey would prove too much of an exertion, so he defaulted to the former Princeton star.

His team mate, Strachan, arrived at the opposite decision, and his win over Kennedy in straight sets was the first played match to be recorded in the day's play. The Philadelphia put up a strong game against the California in the second set, but the fierce smashing of Strachan in the third set soon decided the contest.

Nashua Vets Will Attend Muster
The Nashua Veterans Firemen's association met last evening and considered an invitation to participate in the muster in this city. The Nashua veterans were enthusiastically in favor of turning out at the Lowell muster.

The comfort and pleasure of having a clean, light, airy, sanitary office for your papers, as well as yourself, makes work easy in the new Sun building.

Regular Prices \$1.50 and \$2.00
This lot is a factory cleanup, of made up stock, and consists of 60 dozen waists in sizes 34 to 48.

LOWELL GREEKS TO RETURN

Their Service to Fatherland Concluded the Survivors Will Return to Their Homes

Although some time ago a decree of the king of Greece forbade the future emigration of any person under 40 years of age until further notice, owing to the recent heavy losses of that country and the immense territory wrested from the Turk, which awaits development, it is the general opinion in the Greek colony that this restriction will be withdrawn and that most of the survivors of those who returned from America to fight the battles of the fatherland will return here. It has been computed that from 10,000 to 15,000 Greeks sailed from America to take part in the recent wars, and of these 20,000 are to be disbanded in a few months. Many of these will return to this city.

There are at present many hundreds in Lowell under call, some of whom were given two months in which to settle their personal affairs here before going back, but owing to the recent treaty, which ensures peace in the troubled states, and the fact that so many troops are to be disbanded, there will now be the first order cancelled, among these is Angelo Pappas of 536 Market street, the well-known fruit

unparalleled prosperity, owing to the richness of the reconquered territory. Among the grants of lands to Greece is some of the richest tobacco producing territory in the world. Thus there will be not only the great moral gain of civil and religious liberty, but a great industrial revival. Previously in those states nominally Turkish, but in reality Greek, such as Jamina, the most brutal atrocities reigned unchecked. One member of the Greek colony said that a Turkish soldier might, and often did, murder a defenseless woman or child with impunity. It is difficult for one who does not know conditions there to understand the great enthusiasm which prevails in the Greek colony over the result of the wars. Greece has suffered and lost a terrible toll in money and men, but her people claim that the loss is justified by the great moral and territorial gains.

TOWN OF CHELMSFORD

Water District Votes to Issue \$60,000 in Bonds

A special meeting of the voters of the town of Chelmsford was held in the town hall last night to act upon the issuing of bonds for the establishing of the water system and other articles contained in the special warrant.

Under article 3, which was to see if the water district would issue bonds or notes or both to an amount not exceeding in the aggregate \$75,000 as authorized by chapter 441 of the acts of the year 1913, and fix the terms of sale and provide for the payment thereof, and act in relation thereto. Upon motion of Walter Perham, it was unanimously voted, that the district issue bonds to the amount of \$60,000 for the purposes, and within the authority of section 5 of chapter 441 of the acts of the year 1913, in such form as the water commissioners may determine; said bonds to be in the denomination of \$1000 each, two maturing one year from their dates and two annually thereafter, so that the whole principal of said loan will be paid and extinguished 30 years from the date thereof; said bonds shall bear interest at a rate not exceeding 5 per cent, per annum, payable semi-annually, and shall be denominated upon the face thereof "Chelmsford Water District Loan, Act of 1913," and shall be signed by the treasurer of the town of Chelmsford and countersigned by a majority of the water commissioners and bear the seal of the district. The water commissioners are authorized to sell said bonds at not less than their par value at public or private sale. It was later moved by Mr. Perham and also voted, to raise annually, by taxation, in manner provided by said chapter 441, acts of 1913, a sum which, with the income derived from water rates, will be sufficient to pay the annual expense of operating its water works and interest on its securities based as aforesaid, and to make such payments on principal as may be required under the provisions of said act; except that any premium received upon such bonds, less the cost of preparing, issuing and marketing, shall be applied to the payment of the principal of the first bond or bonds to mature.

Miss Bertha Chapman of 44 Westford street, this city, narrowly escaped death by drowning at Oakland, Me., where she is spending the summer months. The young woman was in bathing and got beyond her depth. She waved her hand for help, and her friends who were a good distance away, paid little attention to her, thinking she was playing in the water. A boy named Harold Brooks, rushed to her aid and assisted her to shore. Her friends realized her danger just about the time the boy reached her, but their assistance would have been too late.

TO PREVENT ACCIDENTS

The Pleasure Craft Law Sought After

WASHINGTON, Aug. 18.—Both enforcement of present laws and enactment of further legislation for federal supervision of small pleasure craft will be taken up with the proper department heads by Representative Thacher, who has been stirred by recent accidents involving heavy loss of life.

While experienced watermen, says Mr. Thacher, may be trusted not to overload their power boats or other craft, inexperienced men at many summer resorts overcrowd their little vessels, and accidents follow as an almost inevitable result. Nor, he believes, should inexperienced men be permitted to handle power boats or other craft.

Deputy District Attorney

Application for appointment as deputy district attorney for the District of Columbia was filed yesterday by Martin J. McNamara, formerly of Clinton, Mass., and now a practicing lawyer in Washington. Mr. McNamara has received endorsements from Lieutenant Governor David I. Walsh, Chairman Thomas P. Riley of the democratic state committee and a majority of the democratic members of the Massachusetts delegation in congress. He is a graduate of Holy Cross college and also has degrees from George Washington university.

An Emphatic Protest
Emphatic protest against federal

payment of expenses of delegates to the International Congress on Alcoholism was received yesterday at the office of Representative Curley from the National Liquor League, and will be considered by him on his return to Washington. The congress is to be held in Milan, Italy. Originally an appropriation of \$8500 for these delegates was made by the house, but this was cut to \$1500 by the senate. The Liquor League also is opposed to the congress being held in the United States in 1915.

Winslow in Washington
Congressman Winslow has arrived in Washington in response to a call for a meeting of the republicans of the house to elect a congressional campaign committee. The meeting has been postponed a week, but Mr. Winslow will stick it out if he is needed.

LEE WAS A NEGRO
Says Woman Who Claims Estate of Publisher—Deserted His Wife Thirty Years Ago

CHICAGO, Aug. 18.—William H. Lee, head of a publishing firm, who lived in Chicago as a white man and died apparently without heirs, was claimed in the probate court yesterday by Mrs. Lucinda Anderson, colored, of Benton Harbor, Mich., as her husband.

Lee began his career in a small New Hampshire town, it is alleged, after serving as valet in the Civil war to a confederate officer.

In a petition filed for Mrs. Anderson it is alleged the publisher's real name was William A. Anderson, that he was a negro, though of light complexion, and that he deserted Mrs. Anderson 30 years ago.

The woman lays claim to the estate of the publisher. It was valued at first at \$200,000, but as much of it was in plates of value to Lee's business alone, the present valuation has been estimated at \$20,000.

Lee, or Anderson, never talked of his personal affairs and his antecedents were a mystery. Mrs. Anderson makes the identification by means of newspaper photographs. The body will be exhumed.

William Manning, a well-known employee of the water works, will visit his home in Prince Edward Island this summer, after an absence of many years.

THREATENED STRIKE HAS BEEN AVERTED

SAN FRANCISCO, Aug. 19.—H. W. Hanger, a member of the national board of mediation and conciliation, who came west recently to attempt the adjustment of differences between the Southern Pacific Railroad company and its locomotive and train crews, announced last night that a compromise had been effected that fully satisfied all parties to the controversy and averted the threatened strike.

PRESIDENT HUERTA AND JOHN LIND

Said to Have Reached Understanding Which May Prevent Trouble Be- tween This Country and Mexico

MEXICO CITY, Aug. 19.—Face to face in conference during the night ex-Governor John Lind and President Huerta are believed to have reached an understanding which may yet prevent the severance of relations between the United States and Mexico, and serve to continue negotiations in which Washington may play the role of mediator.

A despatch from Mexico City, last night, was to the effect that the United States government had been given until midnight by President Huerta to recognize his government in Mexico, and that Huerta in replying to President Wilson's note, recently delivered to the Mexican government said he would tolerate no interference, even though that interference might be characterized as friendly mediation.

HUERTA DENIES STATEMENT

WASHINGTON, Aug. 19.—Charge O'Shaughnessy cabled Secretary Bryan from Mexico City early today that President Huerta, through Foreign Minister Gamboa, emphatically denied there was "any foundation whatever" for the statement that Huerta has issued an ultimatum to the United States demanding recognition with the alternative of handing Mr. O'Shaughnessy his passports.

No Details of Conference

Neither at the national palace nor at the American embassy were any details of the conference given out, but it is known that the meeting was cordial and that Mr. Lind considers the so-called ultimatum announced through Dr. Aureliano Urrutia, minister of the interior, late last night, as unauthorized. It is not claimed, however, that President Huerta specifically denied having made peremptory demand for recognition as contained in Dr. Urrutia's statement. This was to the effect that the United States government would be given until midnight to agree to recognition of the Huerta administration, under threat of severing all relations.

Mr. Lind has always believed that he could accomplish much if permitted to talk personally with the president, and there is reason to believe that as a result of this conference between these two plain speaking men the attitude of President Huerta may be changed,

notwithstanding that the first steps toward a diplomatic break had already been taken. The gravity of the situation is at least considerably relieved for the immediate present.

Had Impressions Dispelled

Secretary Bryan, an early riser, read the morning newspapers and hurried down to his office, where he found the reassuring cable from Charge O'Shaughnessy and then hurried over to the White House to confer with President Wilson. While there the message came from Mr. Lind telling of the conference with Huerta.

Members of the senate foreign relations committee, alarmed by the apparent gravity of the situation, hurried down to the White House to ask for a conference with President Wilson. There seemed to be a division of opinion among them as to whether Minister Urrutia's announcement was unauthorized. Some were strongly inclined to accept that explanation as given by Foreign Minister Gamboa.

Charge O'Shaughnessy's dispatch, backed up by Mr. Lind's, served to dispel impressions the news dispatches had created, and the official view switched around to a general belief that while the situation was delicate there was hope of some satisfactory conclusion so long as conferences were continuing between Huerta and Mr. Lind. It was generally understood that while negotiations were still in progress the Mexican government's request that publication of President Wilson's views as presented by Mr. Lind be withheld from publication would be respected and that they might not be given out today.

No Foundation in Fact
Senators Lodge and Stone were shown the following cablegram to Secretary Bryan from Charge O'Shaughnessy dated last night and received at 4 a. m. today:

"The correspondents have cabled that the Mexican government has stated that its note to Lind demands that the United States recognize the Huerta government before 12 o'clock midnight today or a statement practically to that effect."

"I brought the matter to the urgent attention of the minister of foreign affairs at 1 p. m. He immediately saw the president and minister of Government, Senor Urrutia, who is supposed to have given out the statement and he authorized me to deny this statement to my government as having no foundation in fact."

Well Satisfied

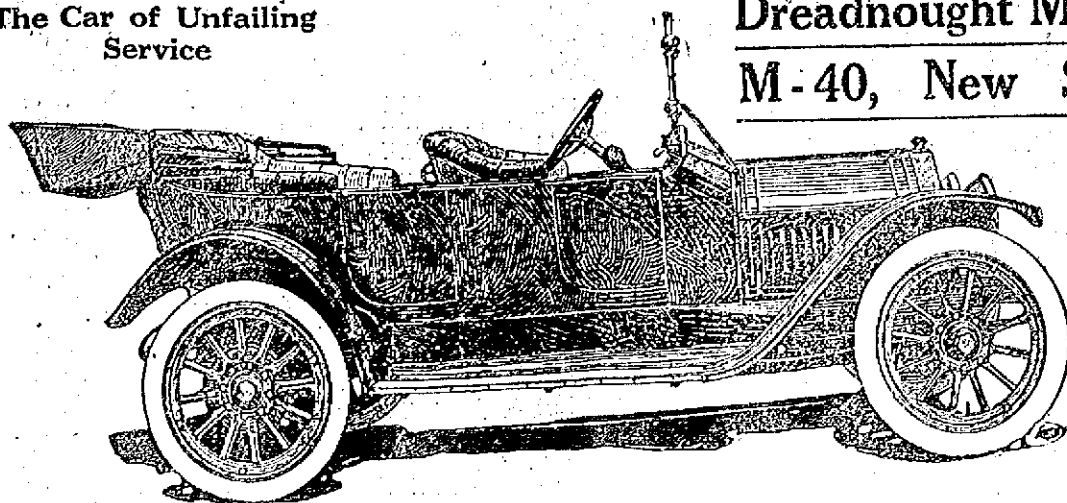

Many of the tenants of the new Sun building say they would sooner think of going out of business than return to their former locations.

FRANTIC HUSBAND KILLS WIFE AND SELF

WHEELING, W. Va., Aug. 19.—Frantic because he had heard unfounded reports reflecting on his wife's character, John Marshall this morning fired five bullets into her body as they sat at the breakfast table in their home in Martins Ferry across the Ohio river from here.

Chief of Police Edward Hyland, who lived next door, heard the shots and forced the door to the Marshall house. Marshall fled to the attic and Hyland summoned other policemen who surrounded the house. Finding escape cut off, Marshall blew out his brains. Mrs. Marshall was killed in the presence of four of her six children.

The Car of Unfailing Service

Dreadnought Moline, M-40, New Series

SEE THIS SPLENDID CAR

At the Rockingham Fair

Rockingham Park, Salem, N. H., August 19 to 23

Every man in New England, who is interested in automobiles, owes himself the pleasure of inspecting this car. It will be on exhibition in our booth at the Rockingham Fair all this week. If you are going to attend this event see the car first. Don't, on any account, miss seeing it while you are there.

This is what you will find when you examine the Dreadnought Moline, New Series.

You will find a car of unparalleled comfort; comfort made certain by the 124 inches of wheelbase, by over-size 36x4 inch tires, upholstery that cannot be bettered; full elliptic springs, the easiest spring suspension known. You will find roominess, no cramping or crowding; road comfort which robs the roughest roads of their terrors.

You will find durability, staying power; a car that is up to its work the year round and for years to come. This car has an unequalled record in the hands of its users. It is the car of unfailing service.

Durability is built in, it is the first thought of our engineers in their design. It gives peace of mind to

Moline users—they recognize it as the "troubleless car."

You will find a car of economy whose up-keep expense is reduced to the lowest minimum, a car which is economical of the gasoline, of the oil, easy on tires, a car which demands few repair bills.

You will find a car of beauty, one you will be glad to drive in any company, a car which gives, for the price it costs, the utmost return of comfort, durability, service, and satisfaction.

The exclusive features of the Dreadnought Moline, New Series, are too many to be detailed here. You must see it to understand and appreciate it. Here's the opportunity. Come to the Rockingham Fair.

TREAT HARDWARE & SUPPLY CO., LAWRENCE, MASS.

HERBERT ROWE WAS DETERMINED TO DIE

NEWBURYPORT, Mass., Aug. 19.—After being dragged from beneath a train where he had thrown himself in an attempt to suicide today, Herbert L. Rowe broke away from his rescuers, ran out onto the Boston and Maine railroad bridge and ended his life by jumping into the Merrimack river. Rowe made his first attempt at the Newburyport station before the eyes of many persons waiting for the train. James Nolan and Frank Morrison were nearest him when he jumped onto the track and they pulled him back onto the platform when the engine was but a few feet away. Rowe fought desperately with his captors and finally succeeded in breaking away. As he ran down the railroad track he was followed by a number of men but he outdistanced them to the bridge and jumped before anyone could catch him. Rowe was 35 years of age and single. He came here recently from Lewiston, Me. No reason is known for his act.

The United Wall Paper Stores of America's
12 Magnificent \$1000 Patented "Wall-like" Display
Racks in all our New England Stores will be
put in operation today, Tuesday, showing 10,800
patterns, themselves completely papered on actual
life-size walls, especially arranged for actual effect.

Thereby enabling our customers to see the papers they select actually papered on the walls, eliminating all the doubts and disappointments of buying from the old fashioned and antiquated method of shot to pieces sample books and single width sample rolls, in vogue elsewhere. Our 12 magnificently fitted "Goldberg Wall like Wall Paper Racks" are the only ones north of New York city. Having only recently been invented and placed on the market, we secured control of them for the different cities in which we have stores located and guarantee the public this method is absolutely the most perfect method of selecting wall paper ever devised for the convenience of the prospective customer. The big New York stores are adopting this same system of showing the papers, and again we guarantee the public that from time to time that as rapidly as any improvements come out for the convenience of the public or our employees, they will be installed in our big chain of stores for their express benefit.

N. B.—We advise you to attend our 4th August big "Mark Down" Sale as early as possible and inspect these magnificent show racks.
Signed, L. R. WILSON CO.,
Operators of the United Wall Paper Stores of America.

LOWELL LEADS THE LEAGUE

Portland Was Defeated in 6 to 2
Game—Finneran and Halstein
Were the Stars

First place for the sturdy band of baseball warriors under the leadership of Manager Gray resulted yesterday, when Lowell took Portland into camp on their Maine diamond, defeating them by the score of 6 to 2. Finneran's pitching was the greatest factor in Lowell's victory.

From the opening of the game it was plainly seen that Gray's men were on their toes, and that Portland would

two occasions it looked as though he would be set upon by the cheerleaders, but order was maintained by a squad of police which were held in readiness for the purpose. Rorty ordered both Merrill and Wormwood from the game. "Red" was escorted from the grounds by several policemen at the conclusion of the game.

The score:

LOWELL		ab	r	h	po	s	e
Clemens, 2b	3	1	1	2	1	0
Miller, cf	3	2	1	1	0	0
DeGroot, rf	5	0	0	2	0	0
Magee, lf	4	1	2	1	0	0
Halstein, 1b	5	3	3	1	0	0
Daly, c	2	1	1	6	3	0
Aubrey, ss	3	0	1	1	5	0
De, 3b	2	0	0	2	1	1
Finneran, p	3	0	1	1	1	0

Hayden, x	1	0	0	0	0	0
Totals	33	2	8	27	15	2

Two base hits: Magee, Halstein and Burns. Hits: Off Jewell 5 in 3 innings; off Wormwood 4 in 4 innings; off Mayberry 1 in 2 innings. Sacrifice hits: Miller, Aubrey, Dee, J. Sullivan, Finneran, Bowcock. Double plays: Finneran to Bowcock to McMahon; McMahon to J. Sullivan. Left on bases: Lowell 9; Portland 10. First base on balls: By Finneran 3; by Jewell 4; by Wormwood 1; by Mayberry 2. First on errors: Lowell 1. Hit by pitcher: By Finneran, Courtney and Pumphrey; by Wormwood, Daly 2. Struck out: By Finneran 7; by Jewell 2; by Wormwood 2; by Mayberry 2. Passed balls: McMahon 2. Wild pitch: Finneran. Time: 2:05. Umpire: Rorty.

JACK HALSTEIN
Lowell's Slugging First Baseman

have to play phenomenal ball if they were to be in the running. Miller was back in the game none the worse for his accident of Saturday, although his eye was badly discolored.

Halstein was the battling sensation of the game. The Lowell first baseman sent the first run across the plate in the second when he doubled to right field. In the next inning this same player batted in three more runs and ended up the game. Halstein made two singles and a double in five times at bat. Jimmy Magee also hit the ball hard.

"Red" Rorty officiated and was roundly abused by the Portland fans for his unprejudiced decisions. On

THE WORLD'S CHAMPION

Hammer Thrower Will
Not Lose His Eye

NEW YORK, Aug. 19.—When Matt McGrath, the Olympic champion hammer thrower, who is a member of the New York police force, was attacked

by a crowd of well-to-do men in a free fight in the lobby of a theatre where McGrath was stationed, one of his eyes was jabbed by an umbrella. It was feared he would lose the sight of it and thus disable him in future athletic events, but the doctors said they could save his sight, although he had a close call.

DIAMOND DAZZLES

The Shermans team of the Texas-Oklahoma league has sold Ben Tincup a pitcher, to the Philadelphia Nationals, for \$1500. Tincup is an Indian and he will report Aug. 20.

Art Lavigne is getting so nervous that he talks back to the umpire all the time now. He was sent to the clubhouse Friday for being too sassy to Umpire Bannon.

Herbert Young, the Whalers' winning pitcher, failed to last with such clubs as Worcester and Lowell, yet he is winning regularly for the Whalers, a second division club.

Ball players get peevish in their advanced age. Cy Seymour whipped First Baseman Beck of the Buffalo club because Beck informed Manager Clymer that he had stayed out late at night. Clymer fired Seymour. George Mullin has jumped the Montreal club because he was not pitched often enough to suit him. One would think in these hot days a pitcher would rather enjoy the shady nooks of the bench.

David R. Snyder, the present treasurer of the Philadelphia National league team, will most likely be named as the successor to William H. Locke. Mr. Snyder is the father-in-law of the deceased president, and he has the confidence of the men who have entrusted him with the management of the finances of the stockholders.

Former Police Commissioner Baker of New York, who is also related to Mr. Locke, said that he thought that Mr. Snyder would continue to represent the interests which Mr. Locke controlled.

Fred T. Chandler, the Philadelphia banker and largest of the local stockholders, was away from the city, but at his office it was said that Mr. Locke's wishes in the matter of his successor would be followed and it was stated that when he knew he was not going to recover, the late president of the Phillies had expressed a wish that his father-in-law succeed him.

Otis Crandall, acquired by the Cardinals from the Giants in exchange for Catcher Larry McLean, today signed a St. Louis contract, calling for the same salary he was receiving from the New York club. The St. Louis club was anxious to slice \$750 off his pay, but Crandall declared he would not stand for any cut. He was out yesterday in a St. Louis uniform after having received the personal assurance of President Britton that his demands would be met.

When the Brooklyn went to bat in the 12th inning the other day Manager Fred Clarke of Pittsburgh who had been warned to keep quiet on the bench, began to taunt Umpire O'Day. "You're as good an umpire as you were a manager last year. You're a back number," he shouted. O'Day glared at the Pirate chief a moment, then waved him to the bench. Clarke quickly retired and remained silent until the next inning, when he addressed O'Day in the sweetest possible manner. The umpire turned his back.

President Johnson of the American league has notified all his umpires that no ball shall be charged to a pitcher when he, while in the act of pitching, accidentally drops the ball. Mr. Johnson's latest ruling keeps the ball in place, the pitcher escaping the penalty of a balk and giving him the right to recover the ball and play on a base runner. In a recent ruling by President Lynch the pitcher is charged with a balk.

A report from Washington has it that Joe Jackson, the Cleveland slug-

SPEED KING WALTER JOHNSON
SETS RECORD FOR STRAIGHT WINS

DETROIT, Mich., Aug. 19.—Walter Johnson, who scored his twelfth straight victory for the Washingtons here in the recent series with the Tigers, set the season's record for consecutive wins in the American league, Johnson was hopeful of equaling, if not surpassing, Rube Marquard's record of nineteen straight victories made last year in the National league. Johnson has terrific speed and is in his best form this year. Many fans count him the best pitcher in either league, barring none.

ger, is being robbed of base hits in Boston, Philadelphia and Washington. If a ball driven at a mile-a-minute clip caroms off the shin of an infielder in either of these cities, the infielder gets an error—if Jackson is the chap who hits the ball. In order to get credit for a hit Joe has to snipe the ball as clean as a whistle, it is said.

The acquisition by the New York Highlanders of Cook, the outfielder, and Williams, the first baseman, both from the Texas league, seems to have worked wonders in the New York team. Mausel will undoubtedly also help a great deal. Outside the pitching staff Chance has only Swenson. Cook and Hartell, of the old-timers, and they will have to hustle to keep on with the team.

The Pittsburgh pitching staff is so disfigured that the club has recalled Joe Conzelmann, who was released to Columbus under option. The Pirates are carrying seven pitchers on this trip. Martin O'Toole is able to do only light work after his operation for appendicitis. Babe Adams has a sore shoulder on the pitching side. George McQuittan has a large blue lump on his right shoulder, where he was grazed by a liner last Tuesday. Hank Robinson is a little weak from ten days of stomach trouble. Claude Hendrix is sporting a split index finger on his right hand received in batting practice.

AMATEUR BASEBALL
The Shamrocks defeated the Tyler A. C. Saturday by the score of 5 to 5. The feature of the game was the

Athletes and Athletics

At the top for the second time. However, we won't dwell on the length of time we hung on to the leadership on the first occasion. Let's root for two out of those three games.

Miller looks more like a prize fighter than a baseball player. His left eye is the blackest object in Portland and probably will remain so for some time. The second baseman is right there every minute regardless of his injury last Saturday.

No wonder the boys are pulling hard for that pennant. Manager Gray has promised them each a dozen silk shirts if they pull down the flag and needless to say, pitchers, catchers, infielders and outfielders are all looking for those silk shirts.

Brockton will play here Friday but the New Bedford management has not yet signed its intention of transferring Saturday's double-header. If the games are played in the Whalers' home town the double bill will not draw over a thousand fans if they do as well as that. Let's transfer them.

Worcester stood still yesterday on account of rain and Lawrence won two games from Lynn. We are mighty thankful it wasn't the reverse for in that case Mr. Burkett would just top us by .002. Worcester is still in the running, don't forget, and will be until the pennant is won.

Sambo had to give way to his opponent the same as usual in order to get his Boston match with Porky Flynn. Flynn insisted on clean breaks and would not box without them, while, Langford, of course, wanted to hit in the break-away. Joe Woodman finally decided to fight his man, however, and the bout has been arranged for a week from tonight.

The Joe Egan-Eddie Murphy tussle on September 2 at the Boston club should decide who the logical lightweight champion of these parts is. Gilbert Gallant has gone down before

Murphy and whoever wins this contest will certainly announce himself as the New England champion. Matty Baldwin might have a word to say, however.

Pat Martin, the Lawrence southpaw, has been recalled by the New York Americans. Martin was sent to Lawrence by the Yankees in order to have him gain a trifle more experience before going into the majors. Martin hails from Brooklyn and is only a youngster.

Many of the leaders among Canadian sportsmen are trying to exclude baseball from the provinces, or rather are trying to stimulate such an interest in cricket that the American game will die a natural death, which amounts to the same thing. Although popular in England, cricket will never attain the foothold in this continent that baseball has got, no matter who comes out in favor of the English game.

Whether or not Matt McGrath, the noted weight man of the Irish-American A. C. will still continue in athletics is a question. McGrath lost the sight of one eye in a mixup on a New York roof garden of which he was the manager. It is claimed by the police that a millionaire broker stuck his cane in the athlete's eye.

Manager Piper is trying the worst way to bolster up his Lawrence club. His latest acquisition is a Waltham medical student named McMahon. McMahon comes to Lawrence well recommended. Louis also tried to secure Fns, the utility infielder of the Providence club, but failed.

Secretary Cooper of the New England league has announced that Hugh Duffy's protest of the game forfeited to Lawrence at Portland has been overridden. Red Rorty forfeited the game when he was attacked for removing Duffy from the bench. That game would have sent Portland a few notches higher in the standing.

POLICE LOOKING FOR MISSING MILLIONAIRE

ST. PAUL, Aug. 19.—Police and detectives are attempting to find George W. Griggs, a millionaire bachelor, who, they believe, may have been murdered. Griggs, a member of a wholesale flour and feed firm, disappeared Sunday. A coat and hat belonging to him were found yesterday on a bridge. In the coat were four \$20 bills and stationery belonging to the Griggs firm. Letters found in Griggs' coat indicated that he had been in bad health for some time, and it was thought by some he might have committed suicide.

STOLEN BY GYPSIES

And Escaped From His Kidnappers
After 17 Years—Frederick Brosseau's Parents Mourned Him as Dead

WATERTOWN, N. Y., Aug. 19.—Word reached here yesterday that Frederick Brosseau, 24, who was kidnapped by gypsies nearly 17 years ago, has been restored to his parents, Mr. and Mrs. John Brosseau of Sissonville, St. Lawrence county. They had long mourned him as dead.

On Oct. 11, 1896, young Brosseau left home to meet his father at the edge of the village. That was the last seen of the boy in Sissonville. About a week ago a young man de-

serted from a band of gypsies in the Canada wilds and took refuge with the monks of Oka, whose isolated monastery is 40 miles from Montreal. He could remember nothing of his history previous to becoming a member of the band, except that he had been called Fred, and that his former home was in northern New York.

The presence of the wanderer was reported by the monks to the Montreal police, and an aunt of the young man recognized his picture in a newspaper. The monks were notified and went to Montreal, where they positively identified Brosseau by a birthmark. He is being detained by the police as a witness against some of the gypsies under arrest, charged with kidnapping.

THREE DOLLARS PER YEAR TWENTY-FIVE CENTS PER MONTH

MR. OLNEY'S VIEWS

The prominence of Mr. Richard Olney in the democratic party, the fact that he has business interests similar to many who claim that the coming tariff bill will bring them disaster, and finally his recent declaration to be a democratic candidate for lieutenant-governor, make a publication of his motives for so declining and his views of the administration and its aims, particularly important at the present time. Men have not been wanting who have used his refusal to be a party candidate as an argument against the business acumen of the president and his supporters, and even among those who could assign no positive reason for his stand there was a general feeling that he had some positive grievance against the party which has signally honored him in the past and which may naturally expect his allegiance and support.

In a long and detailed letter to the Sunday Herald of August 17th, Mr. Olney throws down the structure of support painfully erected by those who do not sympathize with the aims of the present government, and incidentally pays a high tribute to the work being accomplished by the democratic party. He opens by expressing a desire to correct an impression created by two or three of the Boston papers that he refused to be a candidate for democratic office because of tariff conditions. Before dwelling specifically on the outlook of his business—the wool business—under the tariff he pays a high tribute to David I. Walsh, whom he calls a personal friend "fully equipped by experience and well qualified to become governor of the commonwealth." The prospect of running with Mr. Walsh was "so alluring and attractive" that he did not fully weigh the matter for two or three days.

As to the outlook of the wool business under new tariff conditions, Mr. Olney expresses no fears. There may be a slight confusion, he says, due to the rearrangement of business, but nothing serious of a permanent nature. Here are his words:—

"Many wool men and some manufacturers fear that sufficient duty has not been left on manufactured goods, tops and yarns, but I am of the firm belief that once the tariff bill becomes a law and industries and trade become adjusted and accustomed to a low tariff bill, efficiency and economy will assert themselves in a renewed prosperity."

"That portion of industry which has legislated for a high tariff, which has made exorbitant profits under unrighteous tariff may be handicapped at first. The fear of foreign competition is an old bogey not to be seriously considered."

With regard to any apparent business depression that now exists, Mr. Olney throws a light on the matter which reveals it in a strange and unusual light. According to him, there is more danger of panic in the baneful predictions of a hostile press or public than in the actual working of the pending bill. The following extract tells his straight from the shoulder:

"The pessimistic attitude of a press hostile to the tariff and the men of apparent respectability, yet calamity howlers, railing against a government which is attempting to do its best for all the people, is enough to depress the general welfare of business."

He pays a high tribute to President Wilson in the following:

"As time goes on I am more strongly impressed than ever with President Wilson's wisdom and ability, and if allowed to work out and accomplish his level-headed ideas, we will see before the close of his administration a blessed and regenerated republic."

It will be readily seen from the above extracts that Mr. Olney is as enthusiastic as ever in support of the democratic party. If there is any doubt remaining he dispels it in the closing paragraph. He frankly attributes his refusal to be a candidate for lieutenant-governor to financial considerations and the fact that he cannot leave his wool business at this time of reconstruction. Finally he predicts success for Mr. Walsh and Mr. Long and assures them of his hearty moral and financial support. Every line of his explanation rings true with sincerity and good sense, and it removes any need for doubting his real views, which are very positive and which he is not afraid to express.

THE THAW ESCAPE

In the escape of Harry Thaw from Matteawan hospital for the criminal insane we have a notable instance of the power of money in the defeat of justice. A little over five years ago this degenerate libertine was adjudged insane by a jury after a couple of insanity experts had given testimony pro and con. Since that time he has figured almost constantly in the public gaze in attempts to escape the punishment too richly deserved. Sometimes he sought his freedom before the courts and at other times by the basest bribery. At last it looks as though he has accomplished his desires by a spectacular escape. Press reports of the affair make it look as though there were confederates within the building as well as without, and it will not be surprising if investiga-

tion reveals that a little of his family millions was used successfully in oiling the hinges of the doors erected by justice between him and his fellow-man.

As far as his escape in itself goes, New York may well feel relieved at his departure. He has been a constant worry and an enormous expense and there is scarcely an official who has had anything to do with him since his incarceration who will not secretly wish him success in his attempt to evade the law. In this respect his escape resembles the farewell of Jack Johnson. If he has succeeded in going over the state line, as is very probable, he may remain a free man for life as in our 43 states he is almost sure to find one which will not erect a legal barrier to his remaining at liberty. But those who have followed his career expect to hear from him again. Though not popularly believed insane in the common sense of the term, he is a criminal of a far more dangerous nature, and his depraved mind is liable to plunge him into future excesses as grave as the murder of Stanford White.

In the Thaw escape there is a great lesson for men who act on criminal impulses. Here is a man who committed a deliberate murder. There was scarcely one redeeming feature to lessen his guilt. He was a being of the vilest type, a libertine, a creature of criminal and defective mentality. Yet through the liberal expenditure of money he escaped the murderer's chair and now he is likely to remain a free man. It is not strange that there is a well defined impression in America that money is all powerful in setting the law at naught.

GOVERNOR FOSS JUMPS AGAIN

"Governor Foss went over to the republican party, bag and baggage, at the outset of the Essex county republicans held in the Sontag Inn at Lynnfield yesterday."—Boston Sunday paper.

If this report be true and there is no reason to doubt it, the democratic party has but to say farewell to Hon. Eugene N. Foss. We always believed him to be a man of principle and when he rode his reciprocity hobby into the democratic ranks, we believed him to be an honest reformer, not a dissembler seeking office under false pretences. For three years he has been elected governor by the democratic party and having lost all hope of any further honors at the hands of that party, he turns to the disrupted republican organization with the hope that he may be able to convince the voters that with a certain democratic support plus the republican strength, he can defeat the democratic candidate.

In trying to work this scheme Mr. Foss proves to be a more office-seeker instead of an honest, well meaning reformer; and in deserting the democratic party after being the recipient of the highest honors in its gift, he proves himself to be a political ingrate. We can inform Mr. Foss that he will have no democratic following for we know of nothing which democrats detect more than ingratitude and open betrayal of party principles.

The question arises, will the republican party which Foss deserted when he saw an opportunity to work the democracy, now take him to its bosom and condone his betrayal. He is now a traitor to both parties and as such both should deposit him in the political abyss from which there will be no reappearance. The democratic party never knowingly upheld a Janus faced candidate.

Seen and Heard

A woman can't understand why a man should ever be willing to pay ten cents for a cigar when he could get a cake of sweet chocolate for the same money.

The wise man doesn't talk unnecessarily, but just because a man goes round habitually without saying much you can't be sure that he is wise.

If a college education progresses as it should, the young man from fresh meat to senior learns more and more, day after day, how many things he doesn't know.

Some of the teachers in the schools work hard to train left-handed boys to be right-handed, absolutely without considering for a moment how many famous future southpaws they may spoil.

A bolster looks ever so much more beautiful after it is bolted, and yet probably it does not welcome the process with delight.

There's no denying it; some of the respectable women look like frights with their automobile goggles and automobile headgear, and to be frank about it some of them aren't so beautiful after they get the things all on.

What good does it do you if you have a visible typewriter and can see when you have misspelled a word, if you don't know it?

There are men who think so much of money that they would even be undisturbed to get it.

Perhaps it would help some to relieve the dreadful monotony of restaurant bills of fare if the cooks would only be enterprising and give some of the old things a new name.

A man in Syracuse declares that he has on 78 cents a week—a poet, maybe.

Vice President Marshall is rapidly tending to first place as a public speaker of great humor, originality and power.

The vice president's ten commandments for lawyers are well known. His precepts on ambition, having been given at a private luncheon, has not yet appeared in print.

"All of us," said the vice president in Washington, "yes, all of us, may find it hard to live long enough to get to be the oldest something or other."

The drummer had been bragging about his achievements for a goodly time and finally the meek little man in the corner piped up:

"Excuse me," he said, "but perhaps you can tell me why you gentlemen are called drummers?"

"Well, why shouldn't we be so called? We drum up trade, don't we?" was the retort.

"I know," said the meek little man, "but the drum is not a wind instrument."

APPRECIATION

I do not say there never was another girl so fair,
I don't assert none ever had
Such glowing eyes and hair.

To you, that she's the sweetest girl
The world has ever seen
Would simply be hyperbole.

And I say what I mean,
I do not even claim she has
A special witching grace.

A charm that no one can resist
Who once has seen her face.
No, to portray her as she is

I'm not a bit afraid.
She's homely, shrewish, cranky, cross
A cut-and-dried old maid!

—Somerville Journal.

Children and the Burros in Glorious Colorado

"One of the happiest remembrances of my youth," wrote a well known man, "is the month I spent in Colorado. As a youngster I had with me a little, wise-eyed fellow. Since then it has always seemed to me that nothing more delightful can happen to a boy or girl than to be turned out-o'-doors in Colorado with a burro."

It's a fact that nothing can be more beneficial to your children than the out-o'-doors life in Colorado. The climate is so splendid and health-giving, and nowhere can you spend a few weeks more comfortably and at more reasonable cost than in Colorado.

I'd like to help you decide when and where and how to go. I have all the information here in my office to help you—hotel and boarding-house rates—and a mighty readable folder on Colorado with maps and pictures and full details. Call or write for this folder and let me tell you about the new low price excursion tickets to Colorado.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal for two weeks. Then weigh and measure again. It is a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add five to eight pounds in the first fourteen days by following this simple diet. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you eat into rich, healthy fat, producing nourishment for the tissues and blood—preparing it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing action of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

EDITORIAL COMMENT

Manchester Mirror: For, after all of the so-called "practical" things are said, after all the gold in the world is weighed—the real riches of this life, the satisfaction and the uplift we get in our hearts and the satisfaction and uplift we give to the hearts of others.

Parcel Post
Boston Post: As a concrete example of the advantages of the parcel post, Mr. Burdison mails 11 pounds of tea to President Wilson as a gift of 13 cents in postage stamps. The post-master general adds a few lines of moral comment in a personal note, asking the president to advise how it works "in the promotion of the commerce and the happiness of our people."

Track-Walking
Lowell Courier-Citizen: An effort is making in Malden to keep people out of the railroad's right of way. There are laws against trespass and persons are warned by signs not to walk about the tracks. Now the former are being enforced. Eighteen workers in the factories nearby were taken to court and fined five dollars apiece for using the tracks as a short cut home or to work. That is the only way to make the law effective. People should avoid the rails and the law. But it is done everywhere and will be until it is made clear that the practice of track-walking is as dangerous to the pocketbook as it is to life and limb.

Ethics
Boston Herald: Abraham Lincoln's reputed wish that Jefferson Davis's pursuers would fail of their mission, as the easiest solution of the problem of what to do with him, will find many echoes in the Thaw case.

And in Lowell!
Haverhill Gazette: You will probably not find over half a hundred people in Haverhill, outside official circles, who scan or let their eyes scan the expenditures of the council and school authorities to know what is being spent and what it is spent for.

The best news about Mexico is the lack of news. Not much going down there. The longer it goes on that way the better.

Sulzer
Woonsocket Call: Gov. Sulzer has no course but to go to trial. Resist-ance is folly. He may not get a fair trial, but he cannot escape the determination of the impeachment, whatever it shall be.

Why?
Boston Traveler: Why doesn't congress pass the tariff bill and try it on the people? It will have to be done sooner or later.

Meat Shortage
Lynn Telegram: The country is facing a shortage in the meat supply, according to officials of the United States government, who can see no remedy for the deficiency. Beef from Argentina will be cut off from importation because of disease among the cattle there and the situation is critical in the extreme. For many years the meat exhaustion has been approaching, but this year it has been hastened by the severe droughts in the west, middle west and southwest, the principal cattle sections of the country.

It is indeed bad news. The workmen, who need the sustaining qualities of beef, will be the principal sufferers from the shortage. For the price which is even now exorbitant, will mount to such proportions that the ordinary cuts will be luxuries for the wealthy only.

FREE SUGAR THE TEXT

Of Tariff Debate in the Senate Yesterday

FEAR OF SHERMAN ANTI-TRUST LAW

Caused American Sugar Refining Co. to Reduce Its Holdings in Beet Sugar Plants

WASHINGTON, Aug. 19.—Free sugar was the text of the tariff debate in the senate yesterday, republican members assailing the democratic proposal to put sugar on the free list in 1916, predicting the ruin of the Louisiana cane sugar industry and the "gobbling up" by the trust of the domestic beet sugar industry of the country.

Senators Bristow, Smith of Michigan, Sterling, Smoot, Lodge and Cummins led in the attack on the sugar schedule, which bids fair to hold the attention of the senate for several days. No time has been fixed for a vote on the democratic amendments on rates proposed yesterday by Senator Bristow, which would provide for a gradual reduction of the tariff on refined sugar until the figure would reach 1.25 a hundred pounds in 1919.

Democrats asserted last night that the Bristow amendments would be voted down and that there would be no democratic votes to be cast against the majority except those of the Louisiana senators, Thornton and Randall, who gave notice of their purpose to the democratic caucus.

In yesterday's discussion Sen. Bristow asserted that the American Sugar Refining Co., which several years ago started out to acquire the beet sugar factories, abandoned the plan because "they found it would be cheaper and easier to destroy this industry through free sugar than to control it by purchase of stock."

Senator Walsh declared that testimony of beet sugar men before the lobby committee was to the effect that the reason the American Sugar Refining Co. reduced its holdings in the beet sugar plants of the west was because of fear of the Sherman anti-trust law.

Senator William Alden Smith vigorously supporting the Bristow amendments, declared:

"I venture the assertion that the American Sugar Refining Co., nor any of its owners, have not purchased any of its own stock since the democratic beet sugar stock since the democratic party came into power, and will not buy any until you have passed your bill and your three years of strangulation have persecuted the beet sugar men and tremendously reduced the price of their stock."

"If the industry is going to be ruined," asked Senator Williams, "why should the stock be bought then?"

"Because the democrats' lease of power," replied Senator Smith, "is but temporary and there later will be a reaction."

"If this party's lease of power is temporary," Senator Williams returned, "why picture all this despair, why not pass the bill, turn the democrats out, re-establish your lines and go ahead?"

The republican senators unanimously contended that the proposed rates would not cheapen sugar to the consumer.

Senator Cummins said the removal of the sugar duty in 1916 would tend to abrogate the present reciprocity treaty with Cuba, because it would abolish the Cuban sugar preferential, the chief provision of the treaty. He raised the question, however, whether the proposed law or the treaty eventually would prevail.

Senator Lodge, who said he drafted a portion of the Cuban reciprocity treaty, declared that the pending bill made an immediate reduction in the sugar rate of approximately 30 cents a hundred pounds, and that this reduction would not be in conflict with the treaty.

Senator Williams also insisted that there was no conflict between the treaty and the bill. The treaty, he said, applied to all imports, guaranteeing Cuba a preferential, but not preventing a change of tariff rates by law.

Senator Sterling said agitation for free sugar had deterred capitalists from erecting beet sugar factories in South Dakota.

Senator Walsh of Montana expressed the belief that many projected beet sugar factories in the west had been kept from entering the field by the "powers that be" in the beet sugar industry.

Senator Lodge gave statistics to show that the price of sugar gradually had declined for many years, and argued that it was idle to expect that free sugar would reduce the cost of living.

Free sugar, in his opinion, was desired by the cane sugar refiners of the country in order to kill off competition of the beet sugar interests and control the American market absolutely. These refiners, he asserted, the Federal, the Arbuckle and the American Sugar Refining company, agitated free sugar "because they thought there was money in it."

The amendment of the senate finance committee to the house sugar schedule which would make the proposed rates effective beginning March 1, 1914, but not affecting the provision for free sugar in 1916, was approved.

Senator Simmons announced that unless more rapid progress was made by Wednesday, he would urge that daily sessions begin at 10 a. m.

In complying with the chief justice's request that the resignation take effect on September 24, Governor Fletcher said:

"Vermont owes you a debt of gratitude for your long and faithful service and I am sure that it will be the earnest wish of her people that the pleasure of retirement to which you are looking forward may be yours in fullest measure."

Chief Justice Rowell was born at Lebanon, N. H., 78 years ago.

CHIEF JUSTICE ROWELL

Of Supreme Court of Vermont Resigns

MONTEPELIER, Vt., Aug. 13.—Chief Justice John W. Rowell of the supreme court of Vermont has resigned and the resignation has been accepted by Governor Fletcher. He was appointed chief justice on March 22, 1902, and has been on the supreme bench longer than any other man in the history of the state.

In complying with the chief justice's request that the resignation take effect on September 24, Governor Fletcher said:

"Vermont owes you a debt of gratitude for your long and faithful service and I am sure that it will be the earnest wish of her people that the pleasure of retirement to which you are looking forward may be yours in fullest measure."

Chief Justice Rowell was born at Lebanon, N. H., 78 years ago.
